(i) Footwear of identical kind and quality sold at different prices to different types of purchasers may be included in one line if the highest price in the range is an actual price at which this footwear was sold during the base period, and the concession price for the same footwear is not more than 15% below the highest price in the range.

(ii) In case the sale by the manufacturer is at retail or to a purchaser which controls, is controlled by, or is subject to common control with, the manufacturer, then the applicable price range shall be the retail price range.

(5) "Military footwear" means military type footwear purchased by the Army or Navy of the United States (excluding post exchanges and ship's service stores, wherever situated), the United States Naval Academy at Annapolis, Maryland, the United States Military Academy at West Point, New York, the United States Maritime Commission, the Panama Canal, the Coast and Geodetic Survey, the Coast Guard, the Civil Aeronautics Authority, the National Advisory Committee for Aeronautics, the Office of Scientific Research and Development, the War Shipping Administration, the Government of any of the following countries: Belgium, China, Czechoslovakia, Free France, Greece, Iceland, the Netherlands, Norway, Poland, Russia, Turkey, the United Kingdom (including the Dominions, Crown Colonies and Protectorates) and Yugoslavia; military type footwear purchased by any agency of the United States for delivery to or for the account of the Government of any country listed above, or any other country, including those in the Western Hemisphere, pursuant to the Act of March 11, 1941, entitled "An Act to Promote the Defense of the United States" (Lend-Lease Act); and custom-made footwear delivered for personnel of the Army or Navy of the United States.

(d) *General exceptions.* None of the restrictions of this order shall apply to military footwear, or to footwear made as trials or pullovers but not sold.

(e) *Restrictions relating to sales and deliveries.* (1) No person shall sell or deliver any new footwear manufactured in the United States of America in violation of this order.

(2) No tanner or sole cutter shall deliver any leather to any shoe manufacturer if he knows or has reason to believe said leather is to be used in violation of the terms of this order.

(3) The prohibitions and restrictions of this paragraph shall not apply to:

(i) Deliveries of footwear or leather by or to, any person having temporary custody thereof for the sole purpose of transportation or public warehousing.

(ii) Any bank, banker, or trust company affecting or participating in a sale or delivery of footwear or leather solely by reason of the presentation, collection, or redemption of an instrument, whether negotiable or otherwise.

(4) [Deleted Nov. 28, 1945.]

(f) Restrictions on production of lines of footwear. (1) No person shall, during the four month period beginning September 1, 1945, or in any subsequent four month period, complete the manufacture of more civilian footwear within any line than the percentage of his civilian line quota for such line shown on the following schedule:

Each line of youths' and boys' shoes.....	100
Each line of men's safety shoes.....	100
Each line of men's work shoes.....	100
Each line of men's dress shoes.....	80
Each line of women's and growing girls' shoes.....	80
Each line of house slippers.....	80
Each line of athletic shoes.....	80
Each line of women's safety shoes.....	80

With respect to (i) infants' footwear and (ii) misses' and children's footwear, no manufacturer may exceed 100% of his aggregate civilian line quotas for all lines of infants' footwear, and no manufacturer may exceed 100% of his aggregate civilian line quotas for all lines of misses' and children's footwear, but his production within each of these two types of footwear may be distributed among his established lines in any manner desired, except that the production in any line consisting of less than 50 pairs or 2% of the total production of that type of footwear (whichever is greater) during the base period may not be increased by more than 25%;

Provided, however, That to the extent that a manufacturer's production of military footwear shows a decrease below that during his six months' base period, his production within any line of civilian footwear may exceed the civilian line quota for such line by its proportionate part of such decrease.

(2) No person shall manufacture any line of footwear (except military footwear) not manufactured by him in his six months' base period.

(3) Exceptions to paragraphs (f) (1) and (f) (2). (i) A lower priced line of the same type of civilian footwear may be substituted in whole or in part for a higher priced line.

(ii) The unused quota of any higher priced line may be added to the quota of a lower priced line of the same type of civilian footwear.

Any person may add 100% of the unused portion of his civilian line quota or quotas of men's dress and women's and growing girls' shoes to his quotas of the types shown below:

Type:	
Men's work shoes	
Youths' and boys' shoes	
Misses' and children's shoes	
Infants' shoes	

In no event shall any unused quota be added to a higher priced line.

(iii) A person may exceed his civilian line quota for any line of women's safety shoes if a pairage equal to such excess is deducted from some other line or lines of footwear.

(iv) During the four month period beginning September 1, 1945, or in any subsequent four month period a manufacturer whose total production for the period will be less than \$200,000 (based on wholesale value) is not subject to paragraph (f) (1), provided that no new higher priced lines are added and provided the manufacturer does not exceed his aggregate production in pairs during his six months' base period by more than 40%. The exemption in this paragraph shall not apply to a manufacturer affiliated, as a subsidiary or otherwise with another or others. This paragraph shall not authorize any manufacturer to increase his production by more than 40% in any line consisting of less than 50 pairs or 2% of his total production of that type of footwear (whichever is greater) during the base period.

(v) Paragraphs (f) (1) and (f) (2) shall not apply to footwear for the physically maimed or deformed on a custom-made basis and not for stock, to wood sole clogs utilizing no leather, to shearling or fur house slippers utilizing no other leather (except for outsoles), or to footwear shown on the following schedule if manufactured for sale at or below the net wholesale prices shown opposite the respective types:

Type:	Maximum net wholesale price per pair
Misses' and children's.....	01.75
Youths' and boys' (without leather).....	1.80
Youths' and boys' (utilizing leather).....	2.50
Women's and growing girls' (including safety) (without leather).....	1.80
Women's and growing girls' (including safety) (utilizing leather).....	2.50
Men's work, dress and safety (without leather).....	1.80
Men's work, dress and safety (utilizing leather).....	3.00
House slippers (with or without leather).....	1.60
Infants', sizes 0-4 (utilizing leather).....	.80
Infants', sizes 0-4 (made without leather).....	.75
Infants', sizes 4½ to 8 (with or without leather).....	1.35

Note: For the purposes of this schedule, footwear utilizing no leather except for heel top lifts shall be considered as having been made without leather.

However, any person who wishes to produce shoes under the exemption given above for footwear produced at or below the specified maximum net wholesale prices must notify the Civilian Production Administration by letter, stating the types of shoes to be made, the materials to be used, the proposed price ranges within the maximum net wholesale prices specified above, and his estimated 4 months' production. A person who has not previously produced shoes in the proposed price ranges must obtain specific price approval from the Office of

Price Administration if he must price the shoes under section 2 (b) of the General Maximum Price Regulation. In this event he must submit with his letter evidence of the specific price approval by the Office of Price Administration. In no case may a person commence the production of shoes under the exemption given above for footwear produced at or below the specified maximum net wholesale prices until he has received acknowledgement from the Civilian Production Administration of the receipt of the letter of intention to produce.

(vi) The Civilian Production Administration may authorize transfers of quotas of footwear from one line or type to any other line or type and new or additional production in each line or type. It will in general be the policy of the Civilian Production Administration to authorize new or additional production in lines which will not require materials, components, facilities or labor needed for war purposes, and will not otherwise adversely affect or interfere with production for war or essential civilian purposes. Authorization will not be dependent upon the applicant's having been engaged in the production of shoes during the base period.

Application for such authorization shall be made by letter, describing fully the footwear manufactured or proposed to be manufactured, listing in detail all the materials to be used, and stating the pairs desired to be made in each price range, the source of the manpower that will be required, whether production will be reduced in any other line or lines, and all other facts pertaining to the application. Authorization of production of new lines under this paragraph will be made only with the condition that production may not begin until evidence is furnished of conformity with applicable Office of Price Administration regulations.

The Civilian Production Administration will issue footwear manufacturers' quota numbers for quotas authorized by the Civilian Production Administration or established because of base period production.

Production in new price lines, or increased production in established lines, may be granted by the Civilian Production Administration to cover production of civilian footwear purchased by or on behalf of United Nations Relief and Rehabilitation Administration or any other agency for foreign relief purposes.

(vii) Manufacturers qualifying for an increase in price on footwear with non-marking synthetic rubber soles, or soles and heels, under Order No. 13 under § 1493.3 (e) (3) of General Maximum Price Regulations, issued by the Office of Price Administration, may disregard such increase for the purposes of this paragraph (f). However, where the increase results in production of shoes in a higher price line, the number of pairs so produced shall be reported separately on the manufacturer's production report at the actual price, as indicated in the revised directions to said form.

(viii) Where a manufacturer produced in his base period a line of misses' and children's footwear of less than 50 pair or 2% of his total production of that type, he may increase his production of this line in any four month period to not more than six times his lawful production of the line in January, 1945, *Provided*, That, he deducts the production in excess of 100% of his base period production in this line from his other lines of misses' and children's shoes.

(ix) Any person with an established quota or quotas for the production of women's and growing girls' shoes may produce up to 10% of his aggregate quota or quotas in women's all-over genuine reptile (including frog) shoes in any line or lines at a net wholesale price of \$4.50 per pair or less, provided that the number of pairs of shoes produced under this paragraph (f) (3) (ix) is counted as production against the quota for that line or those lines, if any. In the event that there is no quota in a line in which such shoes are being produced, or that the number of pairs in the quota for that line does not equal the number of all-over genuine reptile (including frog) shoes produced, the number of such shoes produced must be counted as production against the quota for that line, if any, and for the next lower lines in descending order as to price as far as is necessary, and exhausting the quota of each line before proceeding to the next lower line. Records must be kept of the number of all-over genuine reptile shoes produced in each line.

(x) Subject to the rules stated in this paragraph (f) (3) (x), any person who has no quota for the production of footwear, may produce for the four month period beginning September 1, 1945, and for each subsequent four month period, 24,000 pairs in any line or lines; any person whose civilian line quotas total less than 24,000 may increase his quota to 24,000 pairs in any line or lines for the same four month period; and any person whose aggregate quotas total more than 24,000 pair may transfer up to 24,000 pairs to any line or lines.

A person who has no quota, and a person whose production under this paragraph (f) (3) (x) will result in the manufacture of a type for which he has no quota or in a price range higher than his highest established price range for the same type of footwear, must obtain evidence of specific approval of his prices from the Office of Price Administration if he must price the shoes under Section 2 (b) of the General Maximum Price Regulation and submit it by registered mail to the Civilian Production Administration, Textile Division, Washington 25, D. C., Ref.: M-217, together with a letter stating the number of pairs he intends to produce in each new price range and new type, and the kinds of materials he intends to use.

(4) The period selected by any person as his six months' base period shall apply to all lines and may not be subsequently changed. After July 11, 1944, lines manufactured by any person in his six months' base period as previously filed with the War Production Board

or the Civilian Production Administration may not be revised, except to bring them into conformity with this order.

(g) *Appeals*. Any appeal from the provisions of this order shall be made by filing a letter in triplicate referring to the particular provision appealed from and stating fully the grounds of the appeal.

(h) *Records*. All persons affected by this order shall keep and preserve records concerning their operations in accordance with § 944.15 of Priorities Regulation 1.

(i) *Reports*. All persons affected by this order shall file such reports and questionnaires as may be requested by the Civilian Production Administration subject to the approval of the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

(j) *Communications*. All reports required to be filed hereunder, and all communications concerning this order, shall, unless otherwise directed, be addressed to: Civilian Production Administration, Textile Division, Washington 25, D. C., Ref.: M-217.

(k) *Violations*. Any person who willfully violates any provision of this order or who, in connection with this order, willfully conceals a material fact or furnishes false information to any department or agency of the United States is guilty of a crime, and upon conviction may be punished by fine or imprisonment. In addition, any such person may be prohibited from making or obtaining further deliveries of, or from processing or using, material under priority control and may be deprived of priorities assistance.

SECTION 1. Articles covered by this regulation. (a) This regulation covers all new pillows, and new upholstery cushion innercasings, filled in whole, or in part, with new or secondhand feathers or down.

Maximum prices for sales of used pillows or used upholstery cushion innercasings are not covered by this regulation, but are fixed by the provisions of Maximum Price Regulation No. 429^a as to used pillows and by the General Maximum Price Regulation⁴ as to used upholstery cushion innercasings.

(b) When used in this regulation, the following terms have the following meanings:

(1) "Pillow" means any bag or case used to support the head when sleeping, made of fabric and filled or stuffed in whole, or in part, with feathers or down.

[Subparagraph (1) amended by Am. 4, effective 12-3-45]

(2) "Upholstery cushion innercasing" means any bag or case of the type and shape used as a component part of upholstered furniture or of dual-purpose

sleeping equipment, made of fabric and filled or stuffed in whole, or in part, with feathers or down.

(3) "Processed secondhand feathers and down" means secondhand feathers and down which have been processed so that they meet the processing specifications set forth in Maximum Price Regulation No. 318⁵ and in Section 6.1 of Supplementary Regulation No. 143⁶ to the General Maximum Price Regulation; and those specifications are incorporated by reference into this regulation as if they were set forth here in detail.

SEC. 2. Transactions covered by this regulation—(a) Sales. This regulation establishes maximum prices for all offers, sales and deliveries made by any person of new pillows and new upholstery cushion innercasings, on and after the effective date of this regulation.

(b) *Purchase in the course of trade or business.* This regulation covers every purchase in the course of trade or business in connection with a sale covered by this regulation.

(c) The term "person" includes an individual, corporation, or any other organized group; their legal successors or representatives; the United States, or any other government, or any of their political subdivisions.

ARTICLE II—SALES BY MANUFACTURERS

SEC. 3. Maximum prices for sales of new pillows by manufacturers to retailers and to institutional users. (a) Maximum prices for most sales of new pillows by manufacturers to retailers and to institutional users are set forth in paragraph (a) of Appendix A.

(b) The maximum price for the sale by a manufacturer to a retailer or to an institutional user of any new pillow, not provided for in paragraph (a) of Appendix A shall be calculated under section 10 of this regulation.

SEC. 5. Maximum prices for sales of new pillows and new upholstery cushion innercasings by manufacturers to jobbers and to government agencies. The manufacturer's maximum price for sales of an article covered by this regulation to jobbers and to government agencies shall be his appropriate maximum price established by section 3, 4 or 10, less a discount of 10 percent.

SEC. 6. Tagging. (a) (1) After the effective date of this regulation no manufacturer shall sell, offer to sell or deliver

a new pillow unless the appropriate tag, described in paragraph (b) of this section, is attached to it, except that pillows sold to the United States Government, pursuant to a contract between it and the manufacturer, need not be tagged.

[Subparagraph (1) amended by Am. 1, 10 F.R. 6391, effective 5-11-45]

(2) After the expiration of 120 days from the effective date of this regulation, no jobber or retailer shall sell, offer to sell or deliver any new pillow unless the appropriate tag, described in paragraph (b) of this section, is attached to it.

[Subparagraph (2) amended by Am. 3, 10 F.R. 7634, effective 6-22-45]

(3) No person shall sell or buy or offer to sell or buy any new pillow to which a tag must be attached unless such tag is actually attached to it.

(c) Every manufacturer shall identify each kind of pillow which he manufactures by a specific name, number or other designation, and he shall keep a record of such name, number or other designation and a description of each kind of pillow (containing all the information listed in section 7 (a) (1) except item (ii)), for examination by the Office of Price Administration.

Sec. 7. Manufacturer's invoices. (a) After the effective date hereof, every manufacturer selling any article covered by this regulation shall furnish to each purchaser an invoice or other written evidence of sale and purchase showing:

- The date of purchase.
- The terms of sale and the selling price.
- The seller's name and address.
- The purchaser's name and address.

(1) If the article sold is a new pillow, such invoice or other written evidence of sale and purchase shall state, also, for each kind of pillow:

- (i) The name, number or other specific designation of the pillow.
- (ii) The number of articles sold.
- (iii) The weight of the feather filling, per pillow.
- (iv) The percentage by weight of each filling component (using the classifications employed in computing the filling allowance).
- (v) The class of cover fabric.
- (vi) Tailoring extras (if any).
- (vii) Finished size.
- (viii) Packing extras (if any).
- (ix) The maximum price.
- (x) West Coast differential (if any).

(2) If the article sold is a new upholstery cushion innercasing, such invoice or other written evidence of sale and purchase shall state, also, for each different upholstery cushion innercasing sold:

- (i) The size class.
- (ii) The number of articles sold.
- (iii) The class of cover fabric.
- (iv) The cover allowance.

- (viii) The maximum price (item iv) plus item (vii).
- (ix) West Coast differential, (if any).

SEC. 8. Manufacturers to calculate maximum prices on retail sales of new pillows. Each manufacturer shall calculate the maximum price for sales by retailers of a single pillow, manufactured by him, by multiplying his maximum price on the sale of that single new pillow (exclusive of the Far West Zone and quantity differentials) by 175 percent in the case of new pillows filled with chicken or turkey feathers or fibre, or mixtures thereof with crushed waterfowl quills, and by 180 percent in the case of all other pillows. The Far West Zone differential provided in paragraph (c) of Appendix A shall be added to such retail price. The price, so calculated, may be rounded to the nearest five cents. However, if the price so calculated results in a figure exactly midway between the next higher and next lower five cents, it

shall be rounded to the next lower five cents.

[Sec. 8 amended by Am. 4, effective 12-3-45]

Sec. 9. Tolerance. Because of the peculiar nature of the manufacturing process and the inexactness unavoidable in a sampling analysis, manufacturers are allowed a tolerance of 5 percent from the net filling weight stated on the invoice of sale of any particular pillow or upholstery cushion innercasing, and a tolerance of 10 percent from the per pound value of the components in the filling mixture stated on the invoice of sale of any particular pillow or upholstery cushion innercasing, except that the specification of a filling mixture upon which a maximum price is based shall not conflict with any declaration of specifications for that mixture made on a tag or other writing attached to the pillow whether or not it is required by any State law.

Sec. 10. Maximum prices of manufacturers where provision is not otherwise made. After the effective date of this regulation, a manufacturer shall not sell, offer to sell or deliver any article covered by this regulation for sales of which a maximum price has not been established in Appendix A, hereof, until he has applied by letter to the Office of Price Administration, Durable Goods Price Branch, Washington 25, D. C., for the establishment of a maximum price for sales to retailers, institutional users or to the furniture trade in line with the level of prices established by this regulation.

(a) The application shall set forth:

- (1) The name, number or other designation of the article.
- (2) The size of the article.
- (3) The gross weight and the net filling weight of the article. (In the case of pillows, the net filling weight shall be determined from the minimum filling weight of the nearest listed size in Appendix A as the relationship based on the proportion of the surface area of the pillow being priced to the surface area of that nearest listed pillow. No account will be taken of any filling weight in excess of the net filling weight so determined. If the filling material of the pillow being priced is new waterfowl feathers or down, the nearest listed size in Appendix A is that size listed for a pillow filled with second-hand waterfowl feathers or down containing the most similar percentages of filling components.)

[Subparagraph (3) amended by Am. 4, effective 12-3-45]

(4) A statement of whether the filling components are new or secondhand.

(5) A statement of each component of filling materials used and the percentage by weight of each component.

(6) A computation of the value of the filling shall be made in the manner set forth in paragraph (b) (1) of Appendix A. However, if the components of the filling material consist of feathers and downs and other materials, then, the

value of the filling material shall be determined in the following manner:

(1) The value of the feathers and down components shall be determined in the manner set forth in paragraph (b) (1) of Appendix A, and the value of the other components shall be calculated by multiplying the supplier's maximum price for his sale of the filling material to the pillow manufacturer by 135%. If the invoice price of the filling material to the pillow manufacturer is less than his supplier's maximum price, then the invoice price shall be used in place of the supplier's maximum price.

[Subparagraph (6) amended by Am. 1, 10 F.R. 6801, effective 5-11-45]

(7) A statement of the cost of the fabric cover, based on the f. o. b. mill maximum price or based on cost to the manufacturer, whichever is lower.

(8) The proposed maximum price on sales to retailers and institutional users which shall be the sum of the following:

Pillows

- (i) The value of the filling
- (ii) A cover allowance determined from the following table:

(If a Far West Zone differential is added to the proposed maximum price, the nature thereof must be set forth in the application.)

[Above paragraph amended by Am. 4, effective 12-3-45]

(b) In the absence of a contrary direction from the Office of Price Administration within 15 days after mailing his application, the manufacturer may offer the article in question for sale at the proposed maximum price stated therein. If such proposed maximum price is correctly computed it shall be subject to adjustment (but not retroactively), at any time by order of the Office of Price Administration if it appears that the maximum price so established is out of line with the general level of prices established by this regulation. If the price is incorrectly computed, the maximum price for a sale, offer to sell, or delivery of an article made pursuant to the incorrect report shall be the maximum price which is properly computed under the formula contained in this section.

ARTICLE III—SALES BY JOBBERS

SEC. 11. *Maximum prices for sales by jobbers.* (a) (1) The maximum price of a jobber for his sale of any article received after the effective date of this regulation shall be 125 percent of either the maximum price of the manufacturer for his sale of the particular article, or of the actual net invoice price, to the jobber, whichever is lower, plus the freight charge paid by the jobber for delivery to him.

(2) In many instances, jobbers will be holding new pillows in their inventories on the effective date of this regulation. For a period ending 120 days after the effective date of this regulation, the maximum price of a jobber for his sales of such pillows shall be his maximum price under the General Maximum Price Regulation.

(i) Prior to the termination of the 120-day period referred to in subparagraph (2), above, the jobber may request the manufacturer to furnish him with tags in the form described in section 6, and he shall attach the appropriate tag to each such pillow he sells. The tag shall set forth the maximum price for retail sales of the particular pillow which the manufacturer shall determine as if the pillow had been sold by him after the effective date of this regulation. The maximum price of the jobber f. o. b. seller's city shall be 64 percent of such retail maximum price.

(ii) However, if the jobber does not secure such a tag from the manufacturer, or if the 120-day period has expired and the jobber continues to have untagged pillows in inventory he shall send a sam-

ple to the Office of Price Administration, Durable Goods Price Branch, Washington 25, D. C., and the Office of Price Administration will establish a maximum price for sales by the jobber and by retailers of such pillows, which price will be in line with the prices established by this regulation. After August 26, 1945, the jobber shall not sell any such pillows unless a tag is attached in the form described in section 6.

[Subparagraph (2) amended by Am. 3, 10 F.R. 7634, effective 6-22-45]

(b) The maximum prices established in this section are for sales by jobbers to that class of purchaser to which the jobber sold the greatest quantity of the particular article prior to the effective date of this regulation. To such prices, a jobber shall apply all differentials, discounts, trade allowances and terms and conditions of sale which he allowed on sales of the same type of article, during March 1942.

SEC. 12. *Jobber's invoice.* Every jobber selling any article covered by this regulation shall furnish each purchaser for resale with an invoice or other similar written evidence of sale and purchase showing the date of purchase, the seller's name and address, the purchaser's name and address, the terms of sale, the name, number or other specific designation of the article purchased, the size class of the article purchased, the quantity purchased and the price charged per unit. This invoice or other written evidence of sale and purchase must be kept by every purchaser for resale and the jobber shall retain a copy for inspection by the Office of Price Administration.

ARTICLE IV—SALES BY RETAILERS

SEC. 13. *Maximum prices for sales by retailers.* (a) (1) The maximum price of a retailer for his sale of any new pillow to which a tag setting forth the retailer's maximum price has been affixed pursuant to this regulation shall be the price properly stated to be the retailer's maximum price on the tag attached to the pillow.

(2) In many instances, retailers will be holding new pillows in their inventories on the effective date of this regulation to which no retail maximum price tag shall have been attached. For a period ending 120 days after the effective date of this regulation, the maximum price of a retailer for his sales of such pillows shall be his maximum price under the General Maximum Price Regulation.

(i) Prior to the termination of the 120-day period referred to in subparagraph (2) above, the retailer may request the manufacturer to furnish him with tags in the form described in section 6, and he shall attach the appropriate tag to each such pillow he sells. The tag shall set forth the maximum price for retail sales of the particular pillow which the manufacturer shall determine as if the pillow had been sold by him after the effective date of this regulation. The maximum price of the retailer shall be the retail maximum price properly stated on such tag.

[Subparagraph (2) amended by Am. 3, 10 F.R. 7634, effective 6-22-45]

(ii) However, if the retailer does not secure such a tag from the manufacturer, or if the 120-day period has expired, and the retailer continues to have untagged pillows in inventory, he shall submit a signed report in duplicate to the District Office of the Office of Price Administration having jurisdiction over the retailer's place of business, setting forth the following with respect to each type, kind and size-class of untaged pillows remaining in his inventory on the date of the report:

The date of the report.

The retailer's name and address.

The number of untaged pillows in inventory on the date of the report.

The name and address of the manufacturer (if known).

The name and address of the retailer's supplier.

The manufacturer's name, number or other designation of the pillows.

The size-class of the pillows.

The components of the filling mixture, and a statement of whether such components are new or second-hand, (if known).

The date the pillows were acquired by the retailer.

The net invoice price of the pillows, per unit, to the retailer.

After receipt of such report, the Office of Price Administration will issue an order establishing retail ceiling prices for sales of the pillows described in the report, which prices will be in line with the level of retail ceiling prices otherwise established by this regulation.

The order will direct the retailer to affix a retail ceiling price tag to the pillows which it covers and, after August 26, 1945, no person shall sell any such pillows for which a retail ceiling price has been so established unless a tag in the form described in the order is attached thereto.

Any Regional Administrator, or any District Director authorized by the appropriate Regional Administrator may issue orders under this section establishing retail ceiling prices in accordance with the terms of this section.

[Subdivision (ii) amended by Am. 2, 10 F.R. 7252, effective 6-14-45; and Am. 3, 10 F.R. 7634, effective 6-22-45]

SEC. 14. *Charges for credit*—(a) *Credit charges.* Charges for the extension of credit may be added to the retail ceiling prices established by this regulation only as follows:

(1) Sellers who, prior to the effective date of this regulation, collected a separately stated additional charge for the extension of credit on sales of new pillows, may collect a charge for the extension of credit on sales under this regulation, not exceeding such charge in effect prior to the effective date of this regulation on a similar sale on similar terms to the same class of purchaser.

(2) Sellers, who did not so state and collect an additional charge, may collect a charge for the extension of credit only on installment-plan sales, and such charge shall not exceed the separately stated additional charge collected for the extension of credit on a similar sale on similar terms to the same class of purchaser prior to the effective date of this regulation by the seller's closest competitor who made such a separately stated charge. An installment-plan sale

is a sale where the unpaid balance is to be paid in installments over a period of either (i) six weeks or more from the date of sale in the case of weekly installments, or (ii) eight weeks or more in the case of other than weekly installments.

(3) All charges for the extension of credit shall be quoted and stated separately.

(4) No seller may require as a condition of sale, that the purchaser must buy on credit.

SEC. 15. Sales slips and receipts. A retailer who customarily gave a purchaser a sales slip, receipt, or other similar evidence of purchase must continue to do so. Upon request, all retailers must give the customer a receipt showing the date of purchase, the retailer's name and address, the name, number or other designation of the pillow or upholstery cushion innercasing, the price paid and the kind and amount of any additional charge.

(b) *Certain practices forbidden.* The following are expressly forbidden:

(1) Any practice or device which has the effect of getting a higher-than-maximum price without actually raising the dollars and cents price is as much a violation of this regulation as an outright over-maximum price. (2) Removal of a retail ceiling price tag from an article covered by this regulation before it is sold at retail.

(c) *Enforcement.* Persons violating any provision of this regulation are subject to the criminal penalties, civil enforcement actions, license suspension proceedings, and suits for treble damages provided for by the Emergency Price Control Act of 1942, as amended, and the Stabilization Act of 1942, as amended.

APPENDIX A

(a) *Maximum prices for sales of new pillows by manufacturers to retailers and to institutional users—(1) General rules to be followed in determining maximum prices.*

⁸ 8 F.R. 13240.

⁹ 9 F.R. 10476, 13715; 10 F.R. 11295.

In determining maximum prices for sales of new pillows, it is necessary for the manufacturer to ascertain the size of the pillow and the specific content and weight of the filling in the pillow.

(1) Whenever reference is made in this regulation to "size", finished size is intended, measured in lineal inches from seam to seam before filling, and not "cut" size.

(ii) Whenever reference is made in this regulation to "filling weight", the minimum dry filling weight for the particular size of pillow is intended. A pillow filling is "dry" when it does not lose weight through evaporation of moisture while in shipment or in storage. Filling weights shall not be less than, although they may exceed, the minimum filling weights specified herein.

(iii) The maximum prices established herein are prices, per pair, for a single size and kind of pillow f. o. b. the manufacturer's regular metropolitan free delivery area, packed for shipment.

(iv) The per pound value of the filling mixture shall be determined by multiplying the actual weight of each kind of feather and down component by the appropriate maximum prices specified in Maximum Price Regulation No. 318 or in section 6.1 of Supplementary Regulation No. 14J to the General Maximum Price Regulation.

Where any new pillow contains less than the minimum filling weights specified in Tables I-a, I-b, and II below, the maximum prices established therein shall be reduced by the maximum price of the weight deficit.

(2) *Fabric cover classifications.* Fabric covers for new pillows are classified as follows:

(i) "Class I" which includes 8-ounce ACA twill, and all fabrics whose maximum price f. o. b. mill, is from 20 cents to 24.99 cents per yard.¹⁰

(ii) "Class II" which includes 6.2-ounce ACA twill, 3.25-ounce printed floral drills, and all fabrics whose maximum price f. o. b. mill, is from 17 cents to 19.99 cents per yard.¹⁰

(iii) "Class III" which includes 6 ounce to 7 ounce woven or printed, striped or floral sateen and all fabrics whose maximum price f. o. b. mill, is from 25 cents to 29.99 cents per yard.¹⁰

(iv) "Class IV" which includes 8 ounce woven or printed, striped or floral sateen and all fabrics whose maximum price f. o. b. mill, is 30 cents to 35 cents per yard.¹⁰

(3) *Differential and extras.* (i) The maximum prices established in Tables I-a, I-b and II below, are for new pillows made with Class I fabric. If fabric of a different class is used, the manufacturer shall add to, or subtract from, those maximum prices the appropriate one of the differentials set forth in Table III below.

(ii) The maximum prices, established by this section, may be increased if the pillow is finished with certain tailoring extras. The nature of those extras, and the amount of the permitted increases, are set forth in Table IV below.

(iii) If new pillows are packed, individually or in pairs, in separate containers, the maximum prices established by this section may be increased by the amounts set forth in Table V below.

(4) *Maximum prices.* (i) Tables I-a, and I-b list the maximum prices on all sales by manufacturers to retailers and to institutional users of new pillows, 21 inches by 27 inches in size, with a plain or taped edge, and covered with Class I fabric.

(ii) Maximum prices on sales by manufacturers to retailers and to institutional users on all sales of new pillows with a plain or taped edge, and covered with Class I fabric, in sizes other than 21 inches by 27 inches shall be the maximum price for a new pillow 21 inches by 27 inches in size of the same filling mixture multiplied by the percentage factors specified in Table II.

¹⁰ Price based on 28½-inch width.

(b) Maximum prices for sales of new upholstery cushion innercasings by manufacturers to the furniture trade. The maximum price for sales of new upholstery cushion innercasings by manufacturers to the furniture trade is the sum of the value of the filling, known as the "filling allowance", plus an allowance for the cover.

(1) In order to determine the filling allowance, the manufacturer shall:

(i) Ascertain the net poundage of each feather component used in the filling according to the classification of feathers and down set forth in Maximum Price Regulation No. 318 and section 6.1 of Supplementary Regulation No. 14J to the General Maximum Price Regulation; and

(ii) Multiply the net poundage of each feather and down component by the appropriate maximum price provided in those regulations; and

(iii) Multiply the product of (ii) by 103 percent. The resultant figure is the filling allowance.

(2) The allowance for covers is set forth in Table VI below:

PART 1382—HARDWOOD LUMBER

[RMFR 97, Amdt. 21]

SOUTHERN HARDWOOD LUMBER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Revised Maximum Price Regulation 97 is amended in the following respects:

1. In § 1382.102 (a) (2) (i), subdivision (b) is amended to read as follows:

(b) A "typical concentration yard" is an establishment which is located in a hardwood lumber producing area, which concentrates either graded hardwood lumber or ungraded hardwood lumber or both; which keeps in stock principally Southern hardwood lumber; which purchases hardwood lumber principally in rough green condition from mills located in its vicinity; which receives its hardwood lumber principally by truck; which prepares graded hardwood lumber for commercial shipment; and which sells hardwood lumber principally for rail shipment.

2. In § 1382.102 (a) (2) (i), subdivision (c) is amended to read as follows:

(c) A "typical distribution yard" is a wholesale or retail yard which is located in a lumber consuming area; which regularly maintains a varied stock of lumber from different regions; which obtains graded lumber principally from mills or from other yards; which receives its lumber principally by rail; which unloads, sorts, stores and redistributes graded hardwood lumber, which from the nature of its lumber inventory is in position to make prompt deliveries of many different items of lumber; and which sells chiefly for truck shipment.

3. In Section 1382.106, the heading of the section and paragraphs (a) and (b) are amended to read as follows:

¹9 F.R. 5223; 10 F.R. 595, 1763, 1730, 2329, 4658.

§ 1382.106 *Maximum prices for Southern Hardwood Lumber not specifically priced in this regulation.* (a) Southern Hardwood Lumber sold on special grades or specifications or with special services or other extras not specifically priced in this regulation is, nevertheless, subject to this regulation as a "specially priced item" or a "special item". A seller making a sale of hardwood lumber covered by this section, for which that seller does not have a maximum price duly approved by the Office of Price Administration, shall apply to the Lumber Branch of the Office of Price Administration, Washington 25, D. C., for approval of a requested price for that hardwood lumber. The application shall cover only one order or inquiry of hardwood lumber and a copy of that order or inquiry shall accompany the application. The seller must make his application for approval of a maximum price on a copy of Form 197-3, a facsimile of which is in paragraph (c) below.

If the seller had sales in October 1941 of the special item and of the most comparable item specifically priced in this regulation, he shall show on his application the price differential which he maintained between these two items in that month. If the seller did not have sales of both of such items in October 1941 he shall show on the application the price differential between these two items which existed in the first month preceding October 1941 in which he had sales of both of these items. If the seller did not have any sales of these two items in October 1941 or in any month preceding October 1941, the seller shall show on the application the price differential which he would have maintained between these two items in October 1941 if he had made sales of these items in that month.

The seller shall report his requested price in his application, together with an explanation of how he has determined such price. The maximum price shall be a price which is in appropriate relationship to the most comparable standard item, determined from an examination of the data submitted by the seller and from such other data as may be available to the Office of Price Administration. A maximum price duly approved by the Office of Price Administration for a seller for a special item shall apply to subsequent sales by that seller of the identical item of hardwood lumber unless the Office limits the applicability of the approved price in some manner.

If, within thirty (30) days of the receipt of the application by the Lumber Branch of the Office of Price Administration, that Office does not transmit by letter, telegram or in some other manner, a disapproval of the price requested by the seller on the application, that requested price may be deemed approved, but such approval shall be applicable only to the one specific order covered by the application and only to the quantity of the special item contained in that order on the date of the application.

(b) Prior to approval by the Office of Price Administration of the maximum price for a special item of hardwood lumber covered by this section the seller shall not make any collections on ac-

count of the sale price of the special item. However, the seller may proceed with delivery of the special item using the requested price as a tentative maximum price but all quotations, contracts, and invoices must notify the buyer that the price is subject to approval by the Office of Price Administration within the thirty (30) day period described above.

4. In § 1382.112 (b) the price tables in subparagraphs (39) and (40) and the notes following subparagraph (40) which apply to those price tables are deleted.

This amendment shall become effective December 4, 1945.

NOTE: All reporting and record keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 29th day of November 1945.

CHESTER BOWLES,
Administrator.

[RMPR 148,¹ Incl. Amdt. 1-30]

DRESSED HOGS AND WHOLESALE PORK CUTS

This compilation of Revised Maximum Price Regulation 148 includes Amendment 30, effective December 3, 1945. The text added or amended by Amendment 30 is underscored. Deletions, redesignations and changes in tables are indicated by notes.

In the judgment of the Price Administrator, it is necessary and proper, in order to effectuate the purposes of the Emergency Price Control Act of 1942, as amended and Executive Order No. 9250 issued by the President on October 3, 1942, to maintain as the maximum prices for dressed hogs and wholesale pork cuts the prices prevailing with respect thereto during the period March 3, 1942 to March 7, 1942, inclusive. Prices determined as provided in § 1364.22 reflect the prices prevailing during such period. The Price Administrator has ascertained and given due consideration to the prices of dressed hogs and wholesale pork cuts prevailing between October 1 and October 15, 1941, and has made adjustments for such relevant factors as he has determined and deemed to be of general applicability. So far as practicable, the Price Administrator has advised and consulted with representative members of the industry which will be affected by this regulation.

In the judgment of the Price Administrator the maximum prices established by this regulation are and will be generally fair and equitable and will effectuate the purposes of said act and Executive order. A statement of the considerations involved in the issuance of this regulation has been issued simultaneously herewith and has been filed with the Division of the Federal Register.²

The maximum prices established herein are not below prices which will reflect to producers of the agricultural commodities from which dressed hogs and wholesale pork cuts are produced a price for their products equal to the highest of the prices required by the provisions of the Emergency Price Control Act of 1942, as amended, and by the Executive Order of October 3, 1942.

Insofar as this regulation uses specifications and standards which were not, prior to such use, in general use in the trade or industry affected, or insofar as their use was not lawfully required by another Government agency, the Administrator has determined, with respect to such standardization, that no practicable alternative exists for securing effective price control with respect to the commodities subject to this regulation.

[Above sentence added by Supplementary Order No. 63, 8 F.R. 12553, effective 9-11-43]

Therefore, under the authority vested in the Price Administrator by the Emergency Price Control Act of 1942, as amended, and Executive Order No. 9250 and in accordance with Procedural Regulation No. 1,³ issued by the Office of Price Administration, Revised Maximum Price Regulation No. 148 is hereby issued.

to the meat production payments made by Defense Supplies Corporation on account of the production of such meat.

[§ 1364.21 amended by Am. 5, 8 F.R. 7071]

§ 1364.22 *Maximum prices for dressed hogs and wholesale pork cuts.* Maximum prices for dressed hogs and wholesale pork cuts shall be computed as provided in this section.

(a) *Base price.* The base price for each wholesale pork cut shall be the price specified in Schedule I of Appendix A (incorporated herein as § 1364.35), minus the required deductions, if any, specified in Schedule II of Appendix A (§ 1364.35), plus the permitted additions, if any, specified in Schedule III of Appendix A (§ 1364.35).

(b) *Maximum prices in central price zone.* Except as provided in paragraph (h) of this section, the maximum price for each wholesale pork cut delivered to the buyer within the Central Price Zone, or delivered outside the Central Price Zone by a local delivery beginning in the Central Price Zone, shall be the base price.

(c) *Maximum prices in Chicago price zone.* Except as provided in paragraphs (b) and (h) of this section, the maximum price for each wholesale pork cut delivered to the buyer in the Chicago Price Zone, or delivered to the buyer outside the Chicago Price Zone and the Central Price Zone by a local delivery beginning in the Chicago Price Zone, shall be the base price plus \$0.25 per cwt.

(d) *Maximum prices outside central price zone and Chicago price zone.* Except as provided in paragraphs (b), (c) and (h) of this section, the maximum price for each wholesale pork cut delivered to the buyer outside the Central Price Zone and the Chicago Price Zone shall be the base price plus a transportation differential determined as follows:

(1) The seller shall ascertain the point at which local delivery begins, if local delivery is made, or the point of delivery if no local delivery is made. If no carload meat freight rates are established to such point, he shall ascertain the nearest point at which such freight rates are established.

(2) If the point ascertained under paragraph (d) (1) of this section is east of the Mississippi River, but is not in Minnesota, Wisconsin, or in that part of Michigan lying between Lake Superior and Lake Michigan or Lake Huron, the transportation differential for any fresh wholesale pork cut shall be 115 percent of the lowest fresh meat carload freight rate from Chicago, Illinois, to such point, adjusted to the nearest \$0.25 per cwt. and plus \$0.25 per cwt., and the transportation differential for any cured or processed wholesale pork cut shall be 115 percent of the lowest packing house product carload freight rate (applicable to cooked, cured or preserved meats and sausage) from Chicago, Illinois, to such point, adjusted to the nearest \$0.25 per cwt. and plus \$0.25 per cwt. (Caution: This transportation differential is to be added to the base price, not to the maximum price in the Chicago Price Zone.)

(3) If the point ascertained under paragraph (d) (1) of this section is in Missouri, Arkansas, or in those portions

of Louisiana west of the Mississippi River, or in those portions of Texas, Oklahoma or Kansas which lie east of the 99th meridian, the transportation differential for any fresh wholesale pork cut shall be 115 percent of the lowest fresh meat carload freight rate from Kansas City, Missouri, to such point, adjusted to the nearest \$0.25 per cwt., and the transportation differential for any cured or processed wholesale pork cut shall be 115 percent of the lowest packing house product carload freight rate (applicable to cooked, cured or preserved meats and sausage) from Kansas City, Missouri, to such point, adjusted to the nearest \$0.25 per cwt.

[Subparagraphs (2) and (3) as amended by Am. 15, 9 F.R. 1996]

(4) If the point ascertained under paragraph (d) (1) of this section lies in any other part of the United States than those areas referred to in paragraphs (d) (2) and (d) (3) of this section, and notwithstanding the provisions of subdivision (ii) of § 1364.32 (a) (14), the seller shall ascertain the lowest of the packing house product carload freight rates in effect on November 1, 1945 (applicable to cooked, cured or preserved meats and sausage) to such point from Kansas City, Missouri, and South St. Paul, Minnesota. The transportation differential for fresh, cured or processed wholesale pork cuts shall be 115 percent of such lowest rate, adjusted to the nearest \$0.25 per hundredweight.

[Subparagraph (4) amended by Am. 22, 10 F.R. 14023]

(e) When products are delivered to the buyer. Dressed hogs and wholesale pork cuts shall be deemed to be delivered to the buyer at the point where physical possession is taken by the buyer or his agent, or where the dressed hogs or wholesale pork cuts, consigned to the buyer,

(1) Are received by a common carrier or contract carrier, other than a railroad, and the charges of such carrier are paid directly to such carrier by the buyer;

(2) Are received by a railroad: (i) for shipment at the railroad carload rate; or (ii) for shipment to an agency of the United States government; and, in each instance, the charges of such railroad are paid directly to such railroad by the buyer.

(3) Are received by a railroad for shipment to a licensed ship supplier under the following conditions:

(i) The wholesale pork cuts so shipped must be obtained from a War Shipping Administration stockpile.

(ii) The Director of the Food Control Division of the War Shipping Administration first must have certified both to the seller and to the buying licensed ship supplier that such purchase and shipment are necessary to provide adequate supplies for ship operators who are dependent upon the named ship supplier for such supplies.

(iii) The shipping charges of such railroad are paid directly to the railroad by the buying licensed ship supplier.

(iv) If less than carload shipments are made the purchasing ship supplier's place of business must be located either in Zone 9 or in Zone 10 (as defined in paragraphs (i) and (j) respectively of § 1364.452 of Revised Maximum Price Regulation No. 169—Beef and Veal Carcasses and Wholesale Cuts).

[Paragraph (e) amended by Am. 1, 8 F.R. 544 and as otherwise noted]

(f) Maximum prices of wholesale pork cuts listed in Appendix A. (1) Except as provided in paragraph (h) of this section, if the maximum price for any wholesale pork cut delivered to the buyer cannot be determined under the provisions of the foregoing paragraphs of this section, such maximum price shall be that of the nearest similar wholesale pork cut derived from the same primal cut or combination of primal cuts, making adjustment for the differences in the costs of producing such cuts. Each seller shall file with the Office of Price Administration at Washington, D. C., within 10 days of computation, each maximum price computed under the provisions of this paragraph (f) together with a statement of the method of such computation and the comparative costs included therein, including costs of labor, materials, and overhead, and shrinkage or gain in weight. Any maximum price so computed shall be subject to revision by the Price Administrator. No person shall sell any wholesale pork cut not listed in Schedule I of Appendix A (§ 1364.35), except canned meats subject to the provisions of paragraph (h) of this section, without first filing with the Office of Price Administration at Washington, D. C., a maximum price for such cut as required by the provisions of this paragraph (f).

[Subparagraph (1) amended by Am. 10, 10 F.R. 703]

(2) The last date for computing and filing maximum prices under this paragraph (f) for all wholesale pork cuts, other than those sold exclusively to war procurement agencies, shall be May 31, 1943. On or before June 30, 1943, the Office of Price Administration shall review all maximum prices filed on or before May 31, 1943, and the Price Administrator shall in writing confirm or modify the maximum prices filed by such seller under this paragraph (f). On and after June 1, 1943, no person shall sell in civilian trade any wholesale pork cut not listed in § 1364.35, other than a cut for which such person has, prior to that date, duly filed a maximum price as required by this paragraph (f); nor shall any person who has so filed a maximum price for any wholesale pork cut sell such cut at a price higher than the price authorized by the written confirmation or modification of the Price Administrator.

[Paragraph (f) amended by Am. 1, 8 F.R. 544, and Am. 4, 8 F.R. 7322]

(g) Maximum prices for dressed hogs and slaughtering services. The maximum price for each dressed hog cold and

for slaughtering services shall be ascertained in accordance with the provisions of § 1364.36 (Appendix B).

(h) Maximum prices of products sold for export and canned products. (1) The maximum price at which a person may export any dressed hog or wholesale pork cut shall be determined in accordance with the provisions of the Revised Maximum Export Price Regulation* issued by the Office of Price Administration.

(2) Except for imported canned hams and the canned pork products listed in Schedule I (h) of § 1364.35 (Appendix A), the maximum price for each brand, type and container size of canned meat containing pork shall be determined in accordance with the provisions of Revised Maximum Price Regulation No. 156 and Maximum Price Regulation Nos. 421, 422 and 423. [NOTE: The canned pork products listed in Schedule I (h) of § 1364.35 (Appendix A) are made in accordance with government specifications, and are priced for sale only (1) to war procurement agencies, (2) to licensed ship suppliers for resale only to ship operators, and (3) to ship operators. With one exception, they may not be sold to other classes of buyers. The exception made is effective until December 8, 1945, and enables manufacturers of such canned pork products following cancellation of war procurement contracts as specified in section 16 of Revised Maximum Price Regulation No. 156 to sell them to civilian buyers during the said limited period at the base prices provided in Schedule I (h) of § 1364.35 (Appendix A) of this regulation, subject to the conditions imposed in the said section 16 of Revised Maximum Price Regulation No. 156.]

(2) Nothing herein contained shall be interpreted to preclude or to restrict the right of any person having dressed hogs and/or wholesale pork cuts derived from live hogs slaughtered elsewhere than in the area consisting of the States of California, Oregon and Washington to move such pork products into the area consisting of the States of California, Oregon or Washington, under either of the following conditions:

(i) The total volume by weight so moved is less than a "carload" as defined in § 1364.32 (a) (9); or

(ii) The pork products moved, regardless of total weight, are consigned to:

- (a) A war procurement agency;
- (b) A licensed ship supplier for sale only to a ship operator; or
- (c) A ship operator.

(3) Nothing herein contained shall be interpreted to preclude or to restrict the right of any person to move dressed hogs and/or wholesale pork cuts derived from hogs slaughtered in the area consisting of the States of California, Oregon or Washington into any state.

(b) *Limitation.* Except as permitted by paragraphs (a) (2) and (b) (1) of this § 1364.22a, and notwithstanding the terms of any contract, agreement or other obligation, no person shall ship, transport, transfer or deliver straight and/or mixed carload lots of dressed hogs and/or wholesale pork cuts (derived from live hogs slaughtered elsewhere than in the area consisting of the States of California, Oregon and Washington) in the said area after November 9, 1945; and except as permitted by the above-cited paragraphs no person in the course of trade or business shall cause such straight and/or mixed carload lots of such pork products to be shipped, transported, transferred or delivered into the said area after November 9, 1945. Other than as permitted by paragraph (a) (2) of this § 1364.22a dressed hogs and/or wholesale pork cuts (derived from live hogs slaughtered elsewhere than in the area consisting of the States of California, Oregon and Washington) may be moved into the area consisting of the States of California, Oregon and Washington on and after November 10, 1945, only in accordance with the following conditions:

(1) No person shall ship, transport, transfer or deliver such carload lots into the said area and no person in the course of trade or business shall cause to be shipped, transported, transferred or delivered such carload lots into the said area unless he has a quota therefor determined on the basis of the total volume by weight of straight and/or mixed carload lot shipments of dressed hogs and/or wholesale pork cuts (derived from live hogs slaughtered elsewhere than in the area consisting of the States of California, Oregon and Washington) moved into the said area other than to war procurement agencies, licensed ship suppliers and ship operators during the appropriate base period specified hereinafter. No person shall have more than one quota, and every person claiming a quota must qualify therefor, and compute the volume thereof by one of the methods provided in following subdivisions (i), (ii), (iii) or

(iv), or must apply for a special quota as provided in subdivision (v) hereof.

(i) Each person who moved such carload lots into the area within the base period of from January 1, 1944, through March 31, 1944, is entitled to a quota for each current three month period beginning January 1, April 1, July 1 and October 1; and the quota for each such current quarterly period shall be 75 percent of the total volume by weight so moved into such area within the said base period.

(ii) Each person who moved such carload lots into the area during any period after January 31, 1944, but did not move such carload lots into the area during the month of January 1944, is entitled to a quota for each current three month period beginning January 1, April 1, July 1 and October 1; and the quota for each such current quarterly period shall be 75 percent of the total volume by weight so moved into such area within the first consecutive three calendar month period in which such movements were made following January 31, 1944.

(iii) Each person who is a buyer in the course of trade or business having a selling establishment or establishments located in the said area, and who purchased and caused such carload lots to be moved into such area within the base period of from January 1, 1944, through March 31, 1944, is entitled to a purchasing quota for each current three month period beginning January 1, April 1, July 1 and October 1; and the purchasing quota for each such current quarterly period shall be 75 percent of the total volume by weight so purchased and caused to be moved into such area within the said base period. No person who has established a quota under foregoing subdivisions (i) and (ii) shall be eligible to establish a quota under this subdivision.

(iv) Each person who is a buyer in the course of trade or business having a selling establishment or establishments located in the said area, and who purchased and caused such carload lots to be moved into such area during any period after January 31, 1944, but did not purchase and cause such carload lots to be moved into such area during the month of January 1944, is entitled to a purchasing quota for each current three-month period beginning January 1, April 1, July 1 and October 1; and the purchasing quota for each such current quarterly period shall be 75 percent of the total volume by weight so purchased and caused to be moved into such area within the first consecutive three calendar month period in which such movements were made following January 31, 1944. No person who has established a quota under foregoing subdivisions (i) or (ii) shall be eligible to establish a quota under this subdivision.

(v) Special quotas authorizing persons not having quotas under subdivisions (i) or (ii) to move such carload lots into such area in order to enable persons having quotas under foregoing subdivisions (iii) or (iv) to operate within the limits of such latter quotas may be authorized by the Administrator of the Office of Price Administration, Washington, D. C., only upon a showing that the

persons having such latter quotas are unable to obtain such carload lots from persons having quotas under subdivisions (i) or (ii).

(vi) No person having a quota under subdivisions (i) or (ii) shall move carload lots from outside such area to its branch houses, subsidiaries, or financial affiliates located within such area, in excess of 75 percent of the total volume by weight so moved to its branch houses, subsidiaries, or financial affiliates during its quota base period. All such movements shall be charged against the quota.

(vii) Any person having a quota under foregoing subdivisions (i) or (ii) shall not move carload lots from outside the area to a consignee within the area other than a branch house, subsidiary or financial affiliate unless he first shall ascertain that such consignee has an unfilled quota under foregoing subdivisions (iii) or (iv) permitting such movement. All such transactions shall be charged against both quotas.

(viii) The first current quarterly period during which the quota provisions hereinbefore specified shall be operative begins as of October 1, 1945; *Provided*, That regardless of the total volume by weight moved into the said area during the period of from October 1, 1945, through November 9, 1945, nevertheless two-thirds of any quota hereinbefore authorized may be moved into such area during the period of from November 10, 1945, through December 31, 1945.

(ix) No person having a quota under the provisions of this § 1364.22a (b) (1) shall ship, transport, transfer or deliver, or cause to be shipped, transported, transferred or delivered, such carload lots into such area during any calendar month in excess of 40 percent of his quota for the quarterly period in which the said calendar month occurs.

(2) On or before November 30, 1945, each person claiming a quota under subdivisions (i) or (ii) of foregoing § 1364.22a (b) (1) shall file in duplicate with the Office of Price Administration, Washington, D. C., a signed statement setting forth the data required in § 1364.27 (e) (1); and on or before November 30, 1945, each person claiming a quota under subdivision (iii) or (iv) of foregoing § 1364.22a (b) (1) shall file in duplicate with the Office of Price Administration, Washington, D. C., a signed statement setting forth the data required in § 1364.27 (e) (2). On and after December 1, 1945, any person claiming a quota under any of such subdivisions who has failed to file such statements under § 1364.27 (e) shall be prohibited from using such quota until the required filing is made.

(3) Each person claiming a quota under subdivision (i) or (ii) of foregoing § 1364.22a (b) (1) shall conform to the quarterly reporting requirements of § 1364.27 (f) (1); each person claiming a purchasing quota under subdivision (iii) or (iv) of foregoing § 1364.22a (b) (1) shall conform to the quarterly reporting requirements of § 1364.27 (f) (2); and each person for whom a quota is established under subdivision (v) of § 1364.22a (b) (1) shall conform to the quarterly reporting requirements of § 1364.27 (f),

(3). In the event any person claiming a quota under the above-cited subdivisions fails to file any quarterly report as therein required, his right to operate under such quota shall be prohibited until the required quarterly report is made.

(4) Each person claiming a quota under subdivisions (i), (ii), (iii) or (iv) of foregoing § 1364.22a (b) (1), and each person for whom a special quota is established under the provisions of subdivision (v) of said section shall conform to the record-keeping provisions of § 1364.27 (g). In the event any person claiming or having a quota under the above-cited subdivisions fails to keep the records required by § 1364.27 (g), his right to operate under such quota shall be prohibited for the entire time that such records are not kept, and any carload lots moved into the area by or for such person during such period shall be deemed to be unauthorized insofar as such carload lots relate to the quota of the person failing to keep such records.

(c) Any person subject to the provisions of paragraph (b) of this § 1364.22a who violates any applicable provision of said paragraph (b) shall be subject to the penalties for violation provided by law, and in addition, may be prohibited by administrative suspension order from receiving, selling, using or otherwise disposing of dressed hogs and/or wholesale pork cuts. Such suspension order shall be issued for such period as in the judgment of the Administrator or such person as he may designate for that purpose, is necessary and appropriate in the public interest or to promote the national security.

(d) This § 1364.22a is issued under the authority vested in the Administrator by the Emergency Price Control Act of 1942, as amended, in addition to the authorities cited in § 1364.415 (e) of Revised Maximum Price Regulation No. 169—Beef and Veal Carcasses and Wholesale Cuts.

[§ 1364.22a added by Am. 29, 10 F.R. 14023. Original § 1364.22a added by Am. 6, 8 F.R. 7826; revoked by Am. 15, 9 F.R. 1936]

§ 1364.23 *Adjustable pricing and transportation adjustments*—(a) *Adjustable pricing.* Any person may offer or agree to adjust or fix prices to or at prices not in excess of the maximum prices in effect at the time of delivery. In an appropriate situation, where a petition for amendment or for adjustment or exception requires extended consideration, the Price Administrator may, upon application, grant permission to agree to adjust prices upon deliveries made during the pendency of the petition in accordance with the disposition of the petition.

(b) *Adjustment for transportation to critical areas.* Upon a finding that a critical shortage of meat has occurred in a specific area because of the unavailability of customary sources of supply and because the established maximum prices do not contain a sufficient allowance to cover the cost of transporting meat to that area from other sources of supply, the Administrator may by order designate such area as a critical area for such period as he may prescribe.

Subject to such conditions as may be prescribed in the order of the Administrator, the Regional Administrator for the area or any District Manager designated by him, may in writing authorize named sellers to charge and receive, for dressed hogs and wholesale pork cuts sold to buyers in that area, the added cost of transportation in addition to the applicable maximum price.

(c) *"Group I ship chandler" adjustments affecting pork.* (1) Notwithstanding the pricing provisions of Schedule III (e) of § 1364.35 pertaining to maximum prices for wholesale pork cuts sold to ship operators by licensed ship suppliers, the Price Administrator at Washington, D. C., may, by order, adjust the licensed ship supplier's selling addition established in Schedule III (e) (5) of § 1364.35 for any "Group I ship chandler" (defined in § 1364.32 (a) (26) (i)) who shows:

(i) That in the period covering the entire calendar or fiscal year of 1944, whichever period is used by the applicant for filing Federal Income Tax returns, at least 85% of his total dollar volume of sales consisted of sales of food items;

(ii) That during his most recent 3 month fiscal or calendar accounting period, his total dollar volume derived from the sale of all his products, including but not limited to food items, exceeded his total cost of products sold during such period, adjusted for inventory changes, by an amount which was less than 12½%; and

(iii) That no adequate alternative exists to the price adjustment, such as a reduction of other operating costs.

(2) Any applicant requesting a price adjustment under this paragraph (c) shall file a written application with the Price Administrator, at Washington, D. § 1364.36 *Appendix B—Schedules IV, V and VI—Dressed hogs and slaughtering services.* No person shall sell hogs dressed otherwise than packer style or shipper style. The maximum price for each dressed hog sold shall be the base price for the type of hog, style of dress, weight range, and class of buyer, listed in Schedule IV of this § 1364.36 (Appendix B), plus the applicable permitted additions, if any, specified in Schedule V of this § 1364.36 (Appendix B). The maximum price for slaughtering services shall be determined in accordance with the provisions of Schedule VI of this § 1364.36 (Appendix B).

SCHEDULE IV—DRESSED HOG APPLICABLE BASE PRICES

(a) *Sales to certified dressed hog processors.* The applicable maximum base price for each hog sold to a certified dressed hog processor shall be determined by reference to the "Table of weight ranges and seasonal denominators" set forth in subparagraph (1) hereof, and calculated in accordance with the pricing instructions set forth in subparagraph (2) hereof.

(1) *Table of weight ranges and seasonal denominators.*

(2) **Pricing instructions.** Ascertain the weight range applicable to the dressed hog to be priced. (Weight range for packer style dressed hogs are in the first column of the table in Schedule IV (a) (1) of this § 1364.36, and weight ranges for shipper style dressed hogs are in the second column). Ascertain the related live hog weight classification of such dressed hog (on the same line in the table but in the third column). Multiply the current Chicago live hog price, for hogs of such related live hog weight classification, by the appropriate seasonal denominator (on the same line in the table, but in one of the last four columns).

Example: A butcher hog dressed shipper style and weighing 190 pounds falls in the 189-213 pound weight range and in the 240-270 pound related live hog classification. If it were slaughtered in New York City and shipped on May 31, 1945, the appropriate seasonal denominator would be 1.305. If we assume that the current Chicago live hog price which was reported three market days earlier was \$14.75 per cwt. and that the then current subsidy rate was \$1.70 per cwt., the applicable maximum base price for such dressed hog would be determined by subtracting \$1.40 (30 cents less than the \$1.70 assumed subsidy) from \$14.75 (the quoted Chicago price) thus obtaining \$13.35 per cwt. as the "current Chicago live hog price." This amount then is multiplied by the appropriate seasonal denominator—1.305 in this instance. The result obtained is \$17.42, which is the maximum base price.

[Example amended by Am. 26, 10 F.R. 6233]

(b) **Sales to person other than certified dressed hog processors.** The applicable maximum base price for each hog sold to a person other than a certified dressed hog processor shall be as specified in the schedule of prices set forth in subparagraph (1) hereof.

SCHEDULE V—PERMITTED ADDITIONS TO PRICES DETERMINED UNDER SCHEDULE IV

(a) **Local delivery.** If the seller delivers dressed hogs by local delivery to a point more than 50 miles away from the shipping point, \$0.25 per hundredweight may be added.

Example: If in the example stated in Schedule IV (a) (2) such local delivery were made, 25 cents would be added to \$17.42, giving a price of \$17.67 per hundredweight.

[Example amended by Am. 26, 10 F.R. 6233]

(b) **Fresh kill addition.** If the dressed hog is derived from a hog killed in the region where the addition is applicable and delivered to a buyer whose place of business is located within such region on or before the second market day after killing, or if the dressed hog is sold to the Commodity Credit Corporation, the applicable one of the following additions may be added:

Region	Permitted addition per cwt. (cents)
(1) New England, New Jersey, Delaware, Maryland, District of Columbia, and those portions of New York and Pennsylvania lying east of the 77th meridian.....	60
(2) Those portions of Pennsylvania and New York lying west of the 77th meridian.....	35
(3) Virginia; West Virginia; Kentucky; Ohio; Indiana; Chicago, Illinois; and the local peninsula of Michigan (that part of Michigan lying between Lake Michigan and Lake Huron).....	15

Example: In the example stated in Schedule V (a), if the dressed hog is sold to a buyer whose place of business is located within the region described in paragraph (b) (1), 50

cents would be added to \$17.67 giving a price of \$18.17 per hundredweight.

[Example amended by Am. 26, 10 F.R. 6233]

(c) **Transportation.** Transportation charges may be added in accordance with the provisions of paragraphs (b), (c) and (d) of § 1364.23, substituting for the purposes of this Schedule V (c) the words "dressed hog" wherever the words "Wholesale pork cut" appear therein.

(d) **Wholesaler and peddler truck seller's selling addition.** For dressed hogs sold by a wholesaler as defined in § 1364.32 (a) (13) or a person making peddler truck sales as defined in subdivision (1) of § 1364.32 (a) (10), the seller may add \$0.75 per hundredweight.

(e) **Intermediate distributor's selling addition.** For dressed hogs sold by an intermediate distributor as defined in § 1364.32 (a) (16), the seller may add \$0.50 per hundredweight.

(f) **Additions paid by wholesalers, processors, or peddler truck sellers.** (1) If a wholesaler has paid a charge for local delivery under paragraph (a) of this Schedule V, he may, upon resale, add the amount of such charge: *Provided*, That the total of all local delivery charges shall not exceed \$0.50 per hundredweight.

(2) If a person other than a slaughterer has paid a charge under the fresh kill addition provisions of paragraph (b) of this Schedule V, he may, upon resale within the time limitations prescribed therein, add the amount of such charge: *Provided*, That such resale is made within the same region in which the hog was killed.

(g) **Wrapping and packaging.** To the prices for packer style dressed hogs sold to Commodity Credit Corporation determined in accordance with the provisions of Schedule IV (b) (1), the following addition for wrapping may be added:

Wrapper	Addition per cwt.
1. Krinkled paper with stockinette bags; ocnaburg tubing; cotton sheeting bags; or two sheets of melamine krinkled paper and rope.....	\$0.50
2. Krinkled paper with ocnaburg tubing, burlap tubing, or cotton sheeting bag.....	.75

(h) **Broker's fees.** The maximum prices for dressed hogs determined in accordance with the provisions of Schedule IV (a) of this § 1364.36 (Appendix B) shall include all charges for brokerage and no addition to such prices may be made for brokers' fees. If the seller pays no brokerage fees on shipments of carload lots, the maximum price shall be reduced by \$0.125 per hundredweight. If the seller pays brokerage on such shipments in an amount less than \$0.125 per hundredweight, the maximum price shall be reduced by the difference between the amount of brokerage actually paid by the seller and \$0.125 per hundredweight. No brokerage fees may be charged or paid on sales of dressed hogs where maximum prices are determined in accordance with the provisions of Schedule IV (b) of this § 1364.36 (Appendix B).

(i) For freezing, in the seller's plant and not in a commercial warehouse, dressed hogs sold by the seller to war procurement agencies or to licensed ship suppliers who are not slaughterers, packers, or packers' branch houses, \$0.10 per hundredweight may be added.

(j) For freezer shrinkage on all fresh or green dressed hogs sold frozen at frozen weights to war procurement agencies, \$0.25 per hundredweight may be added.

SCHEDULE VI—SLAUGHTERING SERVICES

(a) Any person who slaughters hogs as a service for the purchaser of such hogs shall remit to such purchaser an amount suffi-

cient to make the cost of the dressed hogs to such purchaser equal to or less than the costs which would be incurred by the purchaser if he purchased the dressed hogs from the slaughterer at the maximum price therefor: *Provided*, That this requirement shall not apply in (i) cases where the purchaser does not acquire the carcasses for resale in any form; or (ii) cases where the live hog slaughtered was purchased at a fair, show or exhibition, from a member of a recognized farm youth organization, during a sale for which prior approval had been obtained from a state office of the Office of Price Administration by a county agent, county club agent, vocational agricultural instructor or the chief administrator of the state department of agriculture. To enable the slaughterer to determine the amount to be remitted to the purchaser, it shall be the duty of such purchaser to advise the slaughterer of the amount paid for the hogs slaughtered.

PART 1382—HARDWOOD LUMBER

[MPR, 146; Amdt. 22]

APPALACHIAN HARDWOOD LUMBER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 146 is amended in the following respects:

1. In § 1382.8 (a) (4), subdivision (ii) is amended to read as follows:

(ii) Which resembles a "typical concentration yard" as defined in this subdivision more nearly than it resembles a "typical distribution yard" as defined in subparagraph 5 (ii) below of this section. A "typical concentration yard" is an establishment which is located in a hardwood lumber producing area; which concentrates either graded hardwood lumber or ungraded hardwood lumber or both; which keeps in stock principally Appalachian hardwood lumber; which purchases hardwood lumber principally in rough green condition from mills located in its vicinity; which receives its hardwood lumber principally by truck; which prepares graded hardwood lumber for commercial shipment; and which sells hardwood lumber principally for rail shipment.

2. In § 1382.8 (a) (5) subdivision (ii) is amended to read as follows:

(ii) Which resembles a "typical distribution yard" more nearly than it re-

sembles a "typical concentration yard" as defined in subparagraph (4) (ii) above of this section. A "typical distribution yard" is a wholesale or retail yard which is located in a lumber consuming area; which regularly maintains a varied stock of lumber from different regions; which obtains graded lumber principally from mills or from other yards; which receives its lumber principally by rail; which unloads, sorts, stores and redistributes graded hardwood lumber, which from the nature of its lumber inventory is in position to make prompt deliveries of many different items of lumber; and which sells chiefly for truck shipment.

3. § 1382.11 (b), the price tables in subparagraphs (28), (29) and (30) together with the notes which follow subparagraph (30), and refer to those price tables are deleted.

4. § 1382.14, the heading of paragraph (b) and subparagraphs (1) and (2) of that paragraph are amended to read as follows:

(b) *Maximum prices for Appalachian hardwood lumber not specifically priced in this regulation.* (1) Appalachian hardwood lumber sold on special grades or specifications or with special services or other extras not specifically priced in this regulation is, nevertheless, subject to this regulation as a "specially priced item" or a "special item." A seller making a sale of hardwood lumber covered by this section, for which that seller does not have a maximum price duly approved by the Office of Price Administration, shall apply to the Lumber Branch of the Office of Price Administration, Washington 25, D. C. for approval of a requested price for that hardwood lumber. The application shall cover only one order or inquiry of hardwood lumber and a copy of that order or inquiry shall accompany the application. The seller must make his application for approval of a maximum price on a copy of Form 246.1, a facsimile of which is in subparagraph (3) below.

If the seller had sales in October 1941 of the special item and of the most comparable item specifically priced in this regulation, he shall show on his application the price differential which he maintained between these two items in that month. If the seller did not have sales of both of such items in October 1941 he shall show on the application the price differential between these two items which existed in the first month preceding October 1941 in which he had sales of both of these items. If the seller did not have any sales of these two items in October 1941 or in any month preceding October 1941, the seller shall show on the application the price differential which he would have maintained between these two items in October 1941 if he had made sales of these items in that month.

The seller shall report his requested price in his application, together with an explanation of how he has determined such price. The maximum price shall be a price which is in appropriate relationship to the most comparable standard item, determined from an examination of the data submitted by the seller and from such other data as may be available to the Office of Price Administration. A

maximum price duly approved by the Office of Price Administration for a seller for a special item shall apply to subsequent sales by that seller of the identical item of hardwood lumber unless the Office limits the applicability of the approved price in some manner.

If, within thirty (30) days of the receipt of the application by the Lumber Branch of the Office of Price Administration, that Office does not transmit by letter, telegram or in some other manner, a disapproval of the price requested by the seller on the application, that requested price may be deemed approved, but such approval shall be applicable only to the one specific order covered by the application and only to the quantity of the special item contained in that order on the date of the application.

(2) Prior to approval by the Office of Price Administration of the maximum price for a special item of hardwood lumber covered by this section the seller shall not make any collections on account of the sale price of the special item. However, the seller may proceed with delivery of the special item using the requested price as a tentative maximum price but all quotations, contracts, and invoices must notify the buyer that the price is subject to approval by the Office of Price Administration within the thirty (30) day period described above.

This amendment shall become effective December 4, 1945.

NOTE: All reporting and record keeping requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 29th day of November 1945.

PART 1382—HARDWOOD LUMBER

[MPR 155; Amdt. 18]

CENTRAL HARDWOOD LUMBER

A statement of the considerations involved in the issuance of this amendment, issued simultaneously herewith, has been filed with the Division of the Federal Register.

Maximum Price Regulation 155 is amended in the following respects:

1. In § 1382.58 (a) (6), subdivision (ii) is amended to read as follows:

(ii) Which resembles a "typical concentration yard" as defined in this subdivision more nearly than it resembles a "typical distribution yard" as defined in subparagraph (7) (ii) below of this section. A "typical concentration yard" is an establishment which is located in a hardwood lumber producing area; which concentrates either graded hardwood lumber or ungraded hardwood lumber or both; which keeps in stock principally Central hardwood lumber; which purchases hardwood lumber principally in rough green condition from mills located in its vicinity; which receives its hardwood lumber principally by truck; which prepares graded hard-

wood lumber for commercial shipment; and which sells hardwood lumber principally for rail shipment.

2. In § 1382.58 (a) (7), subdivision (ii) is amended to read as follows:

(ii) Which resembles a "typical distribution yard" more nearly than it resembles a "typical concentration yard" as defined in subparagraph (6) (ii) above of this section. A "typical distribution yard" is a wholesale or retail yard which is located in a lumber consuming area; which regularly maintains a varied stock of lumber from different regions; which obtains graded lumber principally from mills or from other yards; which receives its lumber principally by rail; which unloads, sorts, stores and redistributes graded hardwood lumber, which from the nature of its lumber inventory is in position to make prompt deliveries of many different items of lumber; and which sells chiefly for truck shipment.

3. In Section 1382.63, the heading of paragraph (b) and subparagraphs (1) and (2) of that paragraph are amended to read as follows:

(b) *Maximum prices for North Central Hardwood Lumber not specifically priced in this regulation.* (1) North Central Hardwood Lumber sold on special grades or specifications or with special services or other extras not specifically priced in this regulation is, nevertheless, subject to this regulation as a "specially priced item" or a "special item." A seller making a sale of hardwood lumber covered by this section, for which that seller does not have a maximum price duly approved by the Office of Price Administration, shall apply to the Lumber Branch of the Office of Price Administration, Washington 25, D. C. for approval of a requested price for that hardwood lumber. The application shall cover only one order or inquiry of hardwood lumber and a copy of that order or inquiry shall accompany the application. The seller must make his application for approval of a maximum price on a copy of Form 255:1, a facsimile of which is in subparagraph (3) below.

If the seller had sales in October 1941 of the special item and of the most comparable item specifically priced in this regulation, he shall show on his application the price differential which he maintained between these two items in that month. If the seller did not have sales of both of such items in October 1941 he shall show on the application the price differential between these two items which existed in the first month preceding October 1941 in which he had sales of both of these items. If the seller did not have any sales of these two items in October 1941 or in any month preceding October 1941, the seller shall show on the application the price differential which he would have maintained between these two items in October 1941 if he had made sales of these items in that month.

The seller shall report his requested price in his application, together with an

explanation of how he has determined such price. The maximum price shall be a price which is in appropriate relationship to the most comparable standard item, determined from an examination of the data submitted by the seller and from such other data as may be available to the Office of Price Administration. A maximum price duly approved by the Office of Price Administration for a seller for a special item shall apply to subsequent sales by that seller of the identical item of hardwood lumber unless the Office limits the applicability of the approved price in some manner.

If, within thirty (30) days of the receipt of the application by the Lumber Branch of the Office of Price Administration, that Office does not transmit by letter, telegram or in some other manner, a disapproval of the price requested by the seller on the application, that requested price may be deemed approved, but such approval shall be applicable only to the one specific order covered by the application and only to the quantity of the special item contained in that order on the date of the application.

(2) Prior to approval by the Office of Price Administration of the maximum price for a special item of hardwood lumber covered by this section the seller shall not make any collection on account of the sale price of the special item. However, the seller may proceed with delivery of the special item using the requested price as a tentative maximum price but all quotations, contracts, and invoices must notify the buyer that the price is subject to approval by the Office of Price Administration within the thirty (30) day period described above.

4. In § 1382.66 the heading of paragraph (b) and subparagraphs (1) and (2) of that paragraph are amended to read as follows:

(b) *Maximum prices for South Central Hardwood Lumber not specifically priced in this regulation.* (1) South Central Hardwood Lumber sold on special grades or specifications or with special services or other extras not specifically priced in this regulation is, nevertheless, subject to this regulation as a "specially priced item" or a "special item." A seller making a sale of hardwood lumber covered by this section, for which that seller does not have a maximum price duly approved by the Office of Price Administration, shall apply to the Lumber Branch of the Office of Price Administration, Washington 25, D. C., for approval of a requested price for that hardwood lumber. The application shall cover only one order or inquiry of hardwood lumber and a copy of that order or inquiry shall accompany the application. The seller must make his application for approval of a maximum price on a copy of Form 255:2, a facsimile of which is in subparagraph (3) below.

If the seller had sales in October 1941 of the special item and of the most comparable item specifically priced in this regulation, he shall show on his application the price differential which he maintained between these two items in that month. If the seller did not have sales of both of such items in October 1941, he shall show on the application

the price differential between these two items which existed in the first month preceding October 1941 in which he had sales of both of these items. If the seller did not have any sales of these two items in October 1941 or in any month preceding October 1941, the seller shall show on the application the price differential which he would have maintained between these two items in October 1941 if he had made sales of these items in that month.

The seller shall report his requested price in his application together with an explanation of how he has determined such price. The maximum price shall be a price which is in appropriate relationship to the most comparable standard item, determined from an examination of the data submitted by the seller and from such other data as may be available to the Office of Price Administration. A maximum price duly approved by the Office of Price Administration, for a seller for a special item shall apply to subsequent sales by that seller of the identical item of hardwood lumber unless the Office limits the applicability of the approved price in some manner.

If, within thirty (30) days of the receipt of the application by the Lumber Branch of the Office of Price Administration, that Office does not transmit by letter, telegram or in some other manner, a disapproval of the price requested by the seller on the application, that requested price may be deemed approved, but such approval shall be applicable only to the one specific order covered by the application and only to the quantity of the special item contained in that order on the date of the application.

(2) Prior to approval by the Office of Price Administration of the maximum price for a special item of hardwood lumber covered by this section, the seller shall not make any collections on account of the sale price of the special item. However, the seller may proceed with delivery of the special item, using the requested price as a tentative maximum price but all quotations, contracts and invoices must notify the buyer that the price is subject to approval by the Office of Price Administration within the thirty (30) day period described above.

This amendment shall become effective December 4, 1945.

NOTE: All reporting and record keeping requirements of the amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

ment, issued simultaneously herewith, has been filed with the Division of the Federal Register.¹

Second Revised Maximum Price Regulation No. 578 is amended in the following respects:

1. Section 1 (b) (3) is amended by the addition of the following sentence:

Where one or more manufacturing units and selling units are under common ownership, sales made by a manufacturing unit to a selling unit will be treated as manufacturers' sales under this regulation unless an order has been issued under section 15 of this regulation permitting sales by the selling unit to be treated as manufacturers' sales for purposes of this regulation.

2. A new section 15 is added to read as follows:

SEC. 15. *Applications for permission to treat sales by selling outlets as manufacturer's sales.* Where one or more manufacturing units and one or more selling units are under common ownership, application may be made on behalf of the manufacturing and selling units to the Apparel Price Branch, Office of Price Administration, Washington, D. C., for an order under this section permitting sales by the selling units to be treated as manufacturer's sales under this regulation. Such an order will be issued only where it appears:

(a) That the manufacturing units sell exclusively to the selling units;

(b) That the selling units sell no garments covered by 2d Revised Maximum Price Regulation No. 578 other than garments manufactured in the manufacturing units; and

(c) That the arrangement was in existence prior to March 1942 and continuously since that time.

Orders issued under this section may impose any condition or limitation on the permission granted so as to assure that the prices charged by the selling units and used as the base for determining wholesale and retail prices under this regulation are comparable to manufacturers' prices established under the regulations listed in section 2 (b), and that the effect of any other regulation affecting any part of the operation is not altered.

This amendment shall become effective on November 28, 1945.

NOTE: The reporting requirements of this amendment have been approved by the Bureau of the Budget in accordance with the Federal Reports Act of 1942.

Issued this 28th day of November 1945.

For the reasons set forth in an opinion, issued simultaneously herewith, and filed with the Division of the Federal Register, and pursuant to section 30 of Revised Maximum Price Regulation 136, it is ordered:

(a) *Applicability—(1) Commodities.* This order applies to automotive lifts, both portable and stationary, single and multiple post hydraulic, overhead, mechanical electrical, and electro-hydraulic; and accessories, repair and replacement parts which are integral and functional parts of such lifts.

(2) *Persons.* This order establishes adjusted maximum prices for the sales of the commodities described in the foregoing paragraph (a) (1) only when sold by the manufacturer of such automotive lifts.

(b) *Maximum prices.* The maximum price for the sale by a manufacturer affected by this order of any automotive lift, accessory, or repair or replacement part, to which this order applies, shall be determined by increasing by 8% the "manufacturer's net price", which the manufacturer had in effect on October 1, 1941, to each class of his purchasers, after deducting average nationwide freight from such "manufacturer's net price." The list prices which the manufacturer had in effect on October 1, 1941 may not be increased but the discounts and allowances extended on October 1, 1941 to the various classes of

purchasers may be reduced in order to give effect to the increases in net prices authorized by this order.

(c) Nothing contained in this order shall authorize a reseller to increase the maximum price which he had in effect or would have had in effect just prior to the issuance of this order to any class of his purchasers.

This order shall become effective November 28, 1945.

- Issued this 28th day of November 1945.

[Region II Basic Order G-2 Under RMPR 251]
PLUMBING AND HEATING SERVICES AND
EQUIPMENT IN NEW YORK REGION

MAXIMUM PRICE REGULATION NO. 251

For the reasons set forth in an opinion issued simultaneously herewith and under the authority vested in the Regional Administrator of Region II by the Emergency Price Control Act of 1942 as amended, by section 9 of Revised Maximum Price Regulation No. 251 and by Revised Procedural Regulation No. 1, it is hereby ordered:

(a) *What this order does.* This basic order puts into one document the provisions which will be common to all future orders establishing flat (dollar-and-cents) maximum prices for plumbing and heating services and percentage markups on plumbing fixtures and specialties, heating equipment and materials on an installed basis on jobs of \$250.00 and under to be issued by the New York Regional Office, Region II, pursuant to the authority contained in section 9 of Revised Maximum Price Regulation No. 251. The orders to be issued under this basic order are referred to herein as "adopting orders" and when issued will expressly adopt the provisions of this basic order. The provisions of Revised Maximum Price Regulation No. 251 remain unaffected by this basic order unless and until adopting orders are issued under this order. When such adopting orders are issued they will supersede the provisions of sections 6, 7 and 8 of Revised Maximum Price Regulation No. 251 with respect to installed sales of plumbing and heating services and plumbing fixtures and specialties, heating equipment and materials on jobs of \$250.00 or under in the area covered by such adopting orders.

(b) *Transactions covered by this order.* This order covers all sales of plumbing and heating services and plumbing fixtures and specialties, heating equipment and materials on an installed basis on jobs of \$250.00 and under, except the cleaning of cesspools and repair and maintenance of oil burners and stokers, maximum prices for which are determined under Revised Maximum Price Regulation No. 165.

The term "plumbing and heating services" as used in this order includes all services performed by plumbers or plumbing establishments in the installation, maintenance and repair of plumbing fixtures and specialties and material used in providing means for control of the supply and distribution of water, including power pumps, and gas, for reception and removal of waste or surplus water and sewage and in the installation, maintenance and repair of equipment for heating of buildings by the use of furnaces or heating plants of any type, except the repair and maintenance of oil burners and stokers.

The term "plumbing fixtures" includes all fixtures pertaining to the services of city water, gas, sewers and power pumps including such plumbing fixtures as bathtubs, lavatories, water closets, kitchen and wash sinks, hot water tanks and water heaters.

The term "heating equipment" includes such items as boilers, oil burners, stokers, radiators and unit heaters.

The term "plumbing specialties" includes small items used in the repair of plumbing fixtures and which are known to the trade as "plumbing specialties". The term includes but is not limited to such items as washers, flush valves, float balls, trip levers and other items.

The term "materials" includes all items used in the repair of plumbing fixtures and heating equipment, (except fixtures, equipment and specialties) which are necessary for the installation, maintenance or repair of plumbing fixtures and heating equipment including but not limited to all pipe, fittings and lead.

The term "hourly service rate" means the hourly rate charged to the customer for each hour of labor expended in the performance of a plumbing or heating job.

(c) *Relationship of this order and of all adopting orders under this basic order to Revised Maximum Price Regulation No. 251.* The provisions of this order, when and if adopting orders are issued, supersede sections 6, 7 and 8 of Revised Maximum Price Regulation No. 251 with respect to all sales covered by this order in the areas affected by such adopting orders. All other provisions of Revised Maximum Price Regulation No. 251 are applicable to transactions subject to this basic order, and to such adopting orders unless otherwise provided in this order or in such adopting orders. On and after the effective date of any adopting order issued under this basic order, regardless of any contract or other obligation, no person shall sell, offer to sell or deliver plumbing or heating services and plumbing fixtures and specialties, and heating equipment and materials on an installed basis on jobs of \$250.00 and under in the area covered by such adopting order at prices higher than those established by such adopting orders.

(d) *Pricing provisions applicable to adopting orders.* The maximum prices to be fixed by adopting orders under this basic order shall be upon a basis of hourly rates to customers for journeymen, apprentices, helpers or laborers and

two men teams and will be computed upon a straight time basis, an overtime basis and a rate for Sundays and holidays.

The number of hours to be charged against any job shall be counted from the time the workman leaves the shop or his previous job (whichever is later) until he completes the job, if he proceeds to another job, or until he returns to the shop if he proceeds there directly. The hours for which charges are made shall not exceed those shown in the seller's payroll records nor those shown in the records which this order requires to be kept. For any job extending into more than one day, time in transit to and from the job may be charged only once.

A journeyman or master plumber owning his own establishment shall compute his hourly service rates for plumbing and heating services actually performed by him at the rate for journeyman plumbers prescribed by the adopting order. If a job requires less than one man hour, a minimum charge equal to the rate for one hour may be made.

Maximum prices for plumbing fixtures and specialties, heating equipment and materials shall be computed by adding to the cost of such materials or specialties delivered to the seller's shop or store room, a percentage markup to be fixed by the adopting order.

(e) *Guaranteed prices.* A seller may offer to supply plumbing and heating services and plumbing fixtures and specialties, heating equipment and materials covered by this order on the basis of a guaranteed price, but such guaranteed price must not be higher than the maximum price figured in accordance with the pricing methods and requirements of this order and of the applicable adopting order.

(f) *Related and incidental work.* If on any job covered by this order and an applicable adopting order any installed building materials are furnished or construction services are performed for which specific maximum prices are not fixed by the applicable adopting order, such material and services shall be separately priced and billed on all invoices and sales slips. The maximum prices for such related and incidental work shall be computed under Revised Maximum Price Regulation No. 251.

(g) *Records.* Each seller must keep at his place of business available for inspection by representatives of the Office of Price Administration for so long as the Emergency Price Control Act of 1942 as amended remains in effect, records concerning each sale covered by any adopting order applicable to the seller's locality and issued under this basic order showing the following:

(1) Name and address of purchaser.

(2) Location of job.

(3) Date of transaction.

(4) An itemized description of the materials and services involved and the prices charged.

(5) A separate statement of any related and incidental work and the prices charged for such work.

(h) *Notification.* Each seller making a sale covered by an applicable adopting

order under this basic order shall post in a conspicuous place in his place of business a list of the hourly rates fixed by such adopting order for sales made by him. He shall also, if required by a purchaser, make available to the purchaser for inspection a copy of this order, a copy of the applicable adopting order, and a copy of Revised Maximum Price Regulation No. 251. Upon completion of the work, the seller shall, if required by the purchaser, furnish to him a statement showing the following:

(1) The name and address of the seller and of the purchaser.

(2) The location of the job.

(3) The date the job was completed.

(4) An itemized description of the materials and services involved and the prices charged with a separate statement of any related and incidental work performed and the prices charged.

(i) *Amendment.* This order may be revised, amended, revoked or modified at any time by the Office of Price Administration.

An employer paying or about to pay labor rates higher than those in effect for him on the effective date of any adopting order under this basic order by reason of the predetermination of wage rates by the Secretary of Labor under the Davis-Bacon Act or any order or authorization of the Wage Adjustment Board, National War Labor Board, Office of Economic Stabilization, or any board or officer performing the functions heretofore performed by the boards and officers above named, may file an application for an amendment of such adopting order to reflect such increased labor rates. Such a petition for amendment shall conform in all respects with the provisions of Revised Procedural Regulation No. 1, except that it should be filed with the New York Regional Office of the Office of Price Administration.

This order shall become effective immediately.

Issued this 21st day of November 1945.

LEO F. GENTNER,
Regional Administrator.

[Region II Order G-69 Under RMFR 122]
PENNSYLVANIA ANTHRACITE IN COLUMBIA COUNTY, PA.

Order No. G-69 under §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122. Solid fuels sold and delivered by dealers.

For the reasons set forth in an opinion issued simultaneously herewith, and under the authority vested in the Regional Administrator of the Office of Price Administration by §§ 1340.260 and 1340.259 (a) (1) of Revised Maximum Price Regulation No. 122, it is ordered:

(a) *What this order does—(1) Dealers' maximum prices; area covered.* If you are a dealer in "Pennsylvania Anthracite", this order fixes the maximum prices which you may charge, and if you are a purchaser in the course of trade or business, this order fixes the maximum prices which you may pay for certain sizes and quantities of "Pennsylvania Anthracite" (hereinafter called simply "anthracite") delivered to or at any point in the Commonwealth of Pennsylvania—Coal Area XIII. Coal Area XIII includes the Town of Bloomsburg and the townships of Catawissa, Franklin, Hemlock, Main, Montour, Mount Pleasant and Scott, Columbia County, in the Commonwealth of Pennsylvania.

(2) *Schedules of prices, charges and discounts.* The applicable prices, authorized charges and required discounts, from which you shall determine the maximum prices for designated sizes and quantities of anthracite delivered within Coal Area XIII are set forth in Schedule I hereafter.

(3) *To what sales this order applies.* If you are a dealer in anthracite, you are bound by the prices, charges and discounts, and by all other provisions of this order for all deliveries within Coal Area XIII whether or not you are located in Coal Area XIII.

(b) *What this order prohibits.* Regardless of any contract or other obligations, you shall not:

(1) Sell, or in the course of trade or business, buy anthracite of the sizes and in the quantities set forth in the schedule herein, at prices higher than the maximum prices computed as set forth in paragraph (c) of this order, although you may charge, pay or offer less than maximum prices.

(2) Obtain any price higher than the applicable maximum price by:

(i) Changing the discounts authorized herein, or

(ii) Charging for any service which is not expressly requested by the buyer, or

(iii) Charging for any service for which a charge is not specifically authorized by this order, or

(iv) Charging a price for any service higher than the schedule price for such service, or

(v) Using any tying agreement or requiring that the buyer purchase anything in addition to the fuel requested by him except that a dealer may comply with requirements or standards with respect to deliveries which have been or may be issued by an Agency of the United States Government.

(vi) Using any other device by which a higher price than the applicable maximum price is obtained, directly or indirectly.

(c) *How to compute maximum prices.* You must figure your maximum price as follows:

(1) Refer to Schedule I which contains separate tables of prices for "Direct-Delivery" sales and "Yard" sales of anthracite. (You will find Schedule I in paragraph (d)).

(2) Take the dollars-and-cents figure set forth in the applicable table of the schedule for the size and quantity you are selling.

(3) If, at your purchaser's request, you actually render him a service for which this order authorizes a charge, you may add to the figure derived as above no more than the maximum authorized service charge. You must state that charge separately on your invoice. The only authorized service charges are those provided for in Schedule I.

(d) *Schedule I.* Schedule I establishes specific maximum prices for certain sizes of anthracite in certain specific quantities, delivered to or at any point within Coal Area XXII. There are separate tables of prices for "Direct-Delivery" sales and "Yard" sales.

(1) *Sales on a "direct-delivery" basis.* For sales of anthracite of the sizes and in the quantities specified.

Size	Per net ton	Per net ½ ton
Broken, egg, stove, nut.....	\$12.60	\$6.95
Pea.....	11.05	6.05
Buckwheat.....	8.90	4.95

MAXIMUM AUTHORIZED SERVICE CHARGES

"Carry" or "wheel": 50¢ per net ton (except for sales amounting to less than one ton).

"Carrying" upstairs or downstairs for each full flight above or below the ground floor (except for sales amounting to less than ½ ton). This charge shall be in addition to any charge for "carry" or "wheel": 50¢ per net ton.

(2) "Yard" sales. For sales of anthracite of the sizes and in the quantities specified.

Screenings.....	3.25	1.65

(e) *Commingleing*. If you sell one size of anthracite commingled with another size of anthracite, your maximum price for the combination shall be the maximum price established in this order for the smallest of the sizes so commingled, except in the following situation. Where a purchaser requests that two or more sizes of anthracite be commingled in one delivery, then, and in that event, if those sizes are separately weighed at the point of loading, the dealer may commingle those sizes in the truck or other vehicle in which the delivery is made. The price for anthracite so commingled shall be calculated on the basis of the applicable per net ton price for each size in the combination, and the invoice shall separately state the price, so determined, for the quantity of each size in the combination.

(f) *Ex Parte 148 freight rate increase*. Since the Ex Parte 148 Freight Rate Increase has been rescinded by the Interstate Commerce Commission, the dealers' freight rates are the same as those of December, 1941. Therefore, you may not increase any schedule price on account of freight rates.

(g) *Addition of increase in supplier's maximum prices prohibited*. You may not increase the specific maximum prices established by this order to reflect, in whole or in part, any subsequent increase to you in your supplier's maximum price for the same fuel. The specific maximum prices already reflect increases to you in your supplier's maximum prices occurring up to the effective date of this order. If increases in your supplier's maximum prices should occur after such date, as the result of any amendment to or revision of a maximum price regulation issued by the Office of Price Administration governing sales and deliveries made by such suppliers, the Regional Administrator will, if he then deems it to be warranted, take appropriate action to amend this order to reflect such increases.

(h) *Taxes*. If you are a dealer subject to this order, you may collect, in addition to the specific maximum prices established herein, provided you state it separately, the amount of the Federal Tax upon the transportation or property imposed by section 620 of the Revenue Act of 1942 actually paid or incurred by you, or an amount equal to the amount of such tax paid by any of your prior suppliers and separately stated and collected from you by the supplier from whom you purchased. On sales to the United States or any agency thereof, or to the Commonwealth of Pennsylvania or any political subdivision thereof, you need not state this tax separately.

(i) *Adjustable pricing*. You may not make a price adjustable to a maximum price which will be in effect at some time after delivery of the anthracite has been completed; but the price may be adjustable to the maximum price in effect at the time of delivery.

(j) *Petitions for amendment*. Any person seeking an amendment of any provision of this order may file a petition for amendment in accordance with the provisions of Revised Procedural

Regulation No. 1 except that a petition shall be filed with the Regional Administrator and acted upon by him.

(k) *Right of amendment or revocation*. The Regional Administrator or the Price Administrator may amend, revoke or rescind this order or any provision thereof, at any time.

(l) *Applicability of other regulations*. If you are a dealer subject to this order, you are governed by the licensing provisions of Licensing Order 1. Licensing Order 1 provides in brief, that a license is required of all persons making sales for which maximum prices are established. A license is automatically granted. It is not necessary to apply for the license. The license may be suspended for violations in connection with the sale of any commodity for which maximum prices are established. For the reasons set forth in an opinion issued simultaneously herewith, and pursuant to the provisions of General Order 68, it is ordered:

SECTION 1. What this order covers. This order covers all retail sales made by any seller, except a manufacturer, of commodities specified in Appendix A below delivered to the purchaser in the

Sioux Falls area. The Sioux Falls area for the purposes of this order consists of the area within a radius of 15 miles from the County Court House in Sioux Falls, South Dakota.

(c) A truckload sale means the sale of two tons or more of one or more of the items listed in Appendix A to one purchaser at one time.

SEC. 3. Relation to other regulations. The maximum prices fixed by this order supersede any maximum price or pricing method previously fixed by any other regulation or order covering the commodities specified in Appendix A. Except to the extent that they are inconsistent with the provisions of this order, all other provisions of the General Maximum Price Regulation, 3rd RMPR 13, MPR 44, (except as to sales covered by MPR 525), MPR 293 (except as to sales covered by MPR 525), and MPR 281, shall continue to apply to sales covered by this order.

SEC. 4. Maximum prices. The maximum prices for the types of sales of building and construction materials listed in Appendix A delivered to a purchaser in the area designated in section 1, by all sellers except manufacturers, are the prices set forth in Appendix A.

SEC. 5. Discounts, allowance and delivery practices. (a) Each seller subject to this order must maintain his customary terms, discounts and allowances in sales to each class of purchaser which he had in effect during March 1942.

Upon request from a customer, such seller, regardless of previous custom, shall give the purchaser a receipt showing the date, name and address of the seller, the description, quantity, and price of each item sold. The description shall be in sufficient detail in order to determine whether the price charged has been properly computed

WEST TEXAS UTILITIES CO. ET AL.

NOTICE OF FILING AND ORDER FOR HEARING,
ORDER RECONVENING HEARING, AND ORDER
FOR CONSOLIDATION:

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 27th day of November A. D. 1945.

In the matter of West Texas Utilities Company, Central Power and Light Company, Central and South West Utilities Company, File No. 70-1187; The Middle West Corporation and its subsidiary companies, File No. 59-5.

Notice is hereby given that applications and declarations have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935, particularly sections 10 and 12 thereof, by Central and South West Utilities Company ("Central and South West"), a registered holding company, Central Power and Light Company ("Central Power"), a public utility company and a direct subsidiary of Central and South West, and by West Texas Utilities Company ("West Texas"), a public utility company and an indirect subsidiary of Central and South West.

All interested persons are referred to the aforesaid applications and declarations which are on file in the office of this Commission for a complete statement of the transactions therein proposed, which may be summarized as follows:

Central Power proposes to sell its electric and ice properties in the Big Bend area of Texas located in Reeves, Jeff Davis, Presidio and Brewster counties, Texas, to West Texas for a base consideration of \$815,000 in cash plus an

amount equal to the net cost of additions to the properties made between September 30, 1945 and the closing date, and minor adjustments. Central Power proposes to use the proceeds from such sale for its corporate purposes in conformance with the terms of the indenture securing its first mortgage 3½% bonds.

It appearing to the Commission that it is appropriate in the public interest and in the interest of investors and consumers that a hearing be held with respect to said matters and that said applications and declarations should not be granted or permitted to become effective except pursuant to further order of this Commission; and

The Commission having heretofore on January 24, 1944 issued its findings, opinion and order (Holding Company Act Release No. 4846, File No. 59-5) requiring Central and South West to divest itself of the properties of Central Power in the Big Bend area of Texas, said order having reference to the identical properties now proposed to be sold by Central Power to West Texas; and

West Texas having indicated its intention of interconnecting the said electric properties with its present electric properties with the object thereby of forming an interconnected and integrated electric utility system, and West Texas further declaring that the ice properties which it proposes to acquire form an integral part of certain of the electric utility assets and that said ice properties cannot be physically separated without the loss of a large part, if not all, of the value thereof; and

It appearing that a hearing should be held to determine whether the said order of the Commission dated January 24, 1944, requiring Central and South West to dispose of the Big Bend properties of Central Power should be modified in view of the proposals described above; and

It further appearing to the Commission that the foregoing matters under File Nos. 70-1187 and 59-5 as they pertain to Central and South West, Central Power and West Texas are related and involve common questions of law and fact; that evidence offered in respect of each of said matters may have a bearing on the other; that the substantial savings in time, effort and expense will result if the hearings on said matters are consolidated so that they may be heard as one matter and so that evidence heretofore or hereafter adduced with respect to each of said matters may stand as evidence in both of said matters for all purposes;

It is ordered, That the hearing "In the Matter of the Middle West Corporation and Its Subsidiary Companies, File No. 59-5" with respect to the issues and matters herein recited be reconvened and consolidated with the hearing on the above described applications and declarations. The Commission reserves the right, if at any time it may appear conducive to an orderly and economic disposition of said matters, to order a separate hearing concerning such matter, to close the record with respect to any of the matters, or to take action on any of the matters prior to the closing of the record on any other matter.

It is further ordered, That a hearing on such matters under the applicable provisions of said act and rules and regulations of the Commission thereunder be held on December 12, 1945, at 10:00 a. m., E. s. t., at the offices of the Securities and Exchange Commission, 18th and Locust Streets, Philadelphia, Pennsylvania. On such day the hearing room clerk in Room 318 will advise as to the room where such hearing will be held. At such hearing cause will be shown why such applications and declarations should be granted and permitted to become effective respectively. Notice is hereby given to said above-named applicants and declarants and to all interested persons, said notice to be given to said applicants and declarants by registered mail and to all other persons by publication in the FEDERAL REGISTER. All persons desiring to be heard or otherwise wishing to participate in the proceedings should notify the Commission in the manner provided by the Rules of Practice, Rule XVII, on or before December 10, 1945.

It is further ordered, That Henry C. Lank or any other officer or officers of the Commission designated by it for that purpose shall preside at the hearing at such time. The officer so designated to preside at such hearing is hereby authorized to exercise all power granted to the Commission under section 18 (c) of said act and to the trial examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of the issues presented by said applications and declarations otherwise to be considered in this proceeding, particular attention will be directed at such hearing to the following matters and questions:

1. Whether the order of the Commission dated January 24, 1944, pursuant to section 11 (b) (1) directing that Central and South West Utilities Company dispose of the electric and ice properties of Central Power and Light Company in the Big Bend area of Texas should be modified to permit the proposed transactions.

2. Whether the proposed acquisition of electric utility assets by West Texas Utilities Company will serve the public interest by tending toward the economical and efficient development of an integrated public utility system, and, generally, whether it is in compliance with the standards of section 10 of the act.

3. Whether the standards of sections 10 and 11 (b) (1) of the act will permit the acquisition and retention by West Texas Utilities Company of the ice properties and business which it proposes to acquire from Central Power and Light Company.

4. Whether the consideration to be received by Central Power and Light Company and to be paid by West Texas Utilities Company is fair and reasonable.

5. Whether competitive conditions have been maintained in connection with the proposed sale.

6. Whether the accounting entries to be recorded in connection with the proposed transactions are proper and conform to sound principles of accounting and meet the standards of the act.

7. Whether it is necessary or appropriate for the protection of investors or consumers to impose any terms and conditions, and, if so, what terms and conditions should be imposed.

8. Generally, whether the proposed transactions meet the applicable provisions of the Public Utility Holding Company Act of 1935 and the rules and regulations promulgated thereunder.

By the Commission.

PENNSYLVANIA POWER & LIGHT CO. ET AL.

ORDER RELEASING JURISDICTION

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pennsylvania, on the 27th day of November A. D. 1945.

In the matter of Pennsylvania Power & Light Company, National Power & Light Company and Electric Bond and Share Company, File No. 59-29; in the matter of Pennsylvania Power & Light Company and Electric Bond and Share Company, File No. 54-128; in the matter of Electric Bond and Share Company, National Power & Light Company, et al., File No. 59-12; in the matter of Electric Bond and Share Company, National Power & Light Company, Pennsylvania Power & Light Company, Lehigh Valley Transit Company, The Edison Illuminating Company of Easton, et al., File No. 54-51; Applications 8, 9, and 10.

The Commission having, on October 26, 1945, entered its findings and opinion and order approving a plan of recapitalization, filed under section 11 (c) of the Public Utility Holding Company Act of 1935, for Pennsylvania Power & Light Company ("Pennsylvania"), a subsidiary of National Power & Light Company ("National"), which in turn is a subsidiary of Electric Bond and Share Company, which plan, among other matters, provided for the issuance of 1,818,700 shares of new common stock by Pennsylvania through an offer of rights to subscribe to such shares to National which will in turn offer such rights to its own stockholders on a pro-rata basis at \$10 a share; and the Commission having, in said order, reserved jurisdiction, among other matters, with respect to provisions to be contained in the offer of rights by National to protect the interests of members of the armed services who, because of being overseas, are not in a position to either exercise or sell their rights; and

National having submitted to the Commission on November 26, 1945 the terms to be contained in the offer of rights by it to protect the interests of overseas members of the armed services, which terms provide that any stockholder of record of National on December 4, 1945 and then a member of the armed services, who establishes (in an

application addressed to National at any time within 90 days after discharge from, or release from active duty in, the armed services but in any event not later than December 22, 1947) that he was overseas during the subscription period shall be entitled to receive from National an amount equivalent to the value of the Subscription Warrants which were issued to such shareholder, such value to be computed on the basis of the difference between the closing price of Common Stock of Pennsylvania on the New York Stock Exchange on the date of the expiration of the subscription period and the subscription price provided for in the Subscription Warrants; and

National having requested that, in view of the above-described provisions, the Commission issue its order releasing the jurisdiction reserved in its order dated October 26, 1945 with respect to the foregoing matter; and

It appearing to the Commission that the foregoing provision affords reasonable protection to members of the armed services who, by reason of being overseas, are not in a position to either exercise or sell their rights, and that it is appropriate to release jurisdiction previously reserved as to this matter;

It is therefore ordered, That jurisdiction reserved in the Commission's order of October 26, 1945 with respect to the provisions to be contained in the offer of rights by National to protect the interests of overseas members of the armed services be, and hereby is, released.

CENTRAL AND SOUTHWEST UTILITIES CO.
ET AL.

NOTICE OF FILING AND NOTICE OF AND ORDER
FOR HEARING

At a regular session of the Securities and Exchange Commission, held at its office in the City of Philadelphia, Pa., on the 27th day of November, A. D. 1945.

In the matter of Central and Southwest Utilities Company, Central Power and Light Company (Massachusetts), Central Power and Light Company (Texas); File No. 70-1191.

Notice is hereby given that applications and declarations (or both) have been filed with this Commission pursuant to the Public Utility Holding Company Act of 1935 by Central and South West Utilities Company (South West), a registered holding company, its subsidiary, Central Power and Light Company, a Massa-

chusetts corporation (Central (Mass.)), and Central Power and Light Company (Central (Texas)), a Texas corporation recently organized, to acquire the properties and business of Central (Mass.).

All interested persons are referred to the aforesaid applications and declarations (or both) on file in the office of this Commission, for a statement of the transaction therein proposed, which may be summarized as follows:

The filing contemplates that Central (Mass.) will transfer all its assets (with the exception of its investment in a small Mexican utility company) to Central (Texas), refund all its outstanding serial notes by the issuance of new unsecured serial notes, retire, by means of an exchange offer or redemption, all its outstanding 7% and 6% preferred stock, distribute its remaining assets to South West and dissolve. To effectuate these purposes, the following steps are proposed:

1. Central (Mass.) proposes to issue and sell to banks \$3,500,000 principal amount of its 2% unsecured notes, due serially April 1, 1946, to April 1, 1952, in semi-annual maturities varying from \$200,000 to \$400,00 each.

2. Central (Mass.) proposes to sell and Central (Texas) proposes to acquire all of the electric utility properties, water and ice properties, and all other assets of every kind and character owned by Central (Mass.) except 1,450 shares of the capital stock of Compania Electrica De Matamoras, S. A., a Mexican corporation, and except such cash as will be required for the payment to the preferred stockholders of Central (Mass.) who accept the exchange offer referred to below and for the redemption of such shares of preferred stock of Central (Mass.) as may not be exchanged.

3. Central (Texas) in consideration for the assets to be acquired by it from Central (Mass.) proposes (a) to issue and deliver to Central (Mass.) 100,000 shares of \$100 par value cumulative preferred stock and 202,170 shares of its no par value common stock (Central (Mass.) will also acquire the 10 shares of common stock originally issued by Central (Texas) to its incorporators), (b) to assume liability for the \$25,000,000 principal amount of 3½% first mortgage bonds of Central (Mass.) due November 1, 1973, and for all other indebtedness and liabilities of Central (Mass.), and (c) to execute and deliver to its own unsecured serial notes in substitution for the outstanding notes of Central (Mass.).

4. Central (Mass.) proposes to offer for sale at competitive bidding, pursuant to the requirements of Rule U-50, subject to the exchange rights to be offered to the holders of its outstanding preferred stock, the 100,000 shares of \$100 par value preferred stock of Central (Texas). The dividend rates and the initial public offering price are to be determined by competitive bidding. In addition, the aggregate amount of compensation to be paid for affecting exchanges pursuant to the exchange offer and to purchase the unexchanged preferred stock are also to be determined by competitive bidding.

The offering of the preferred stock of Central (Texas) is to be subject to an exchange offer whereby the holders of the outstanding 7% and 6% preferred stock of Central (Mass.) may exchange their shares for shares of the preferred stock of Central (Texas) during a period of approximately 10 days, on a share for share basis, with a cash adjustment for the difference between the initial public offering price of the preferred stock of Central (Texas) (which is not to exceed \$102.75) including accrued dividends to the date of the redemption of the unexchanged shares of the preferred stock of Central (Mass.) and the redemption price of the shares of the preferred stock of Central (Mass.) to be surrendered in exchange, including accrued dividends to the date of redemption of the unexchanged shares of the preferred stock of Central (Mass.). If more than 100,000 shares of Central (Mass.) preferred stock are deposited for exchange during the period in which the exchange offer is in effect, the number of shares to be exchanged is to be reduced pro rata, as nearly as may be without the issue of fractional shares to a maximum of 100,000 shares.

5. Central (Mass.) proposes to use the proceeds from the sale of its serial notes and of the preferred stock of Central (Texas) for the refinancing and retirement of its outstanding securities as follows:

Security	Principal amount or shares	Redemption price
Unsecured serial notes, 2½-8%, due to Apr. 1, 1950.	\$2,650,000	
7% cumulative preferred stock.	92,417	\$120
6% cumulative preferred stock.	80,981	110

6. Central (Mass.) proposes to distribute in final liquidation to South West 202,180 shares of the common stock of Central (Texas) and 1,450 shares of capital stock of Compania Electrica De Matamoros, S. A. and thereafter to dissolve.

The filing has designated sections 6 (a), 7, 9, 12 (c), 12 (d) and 12 (f) of the Act and Rules U-42, U-43 and U-50 as being applicable to the proposed transactions.

It appearing to the Commission that it is appropriate in the public interest and in the interests of investors and consumers that a hearing be held with respect to said matters and that said applications or declarations (or both) shall not be granted or be permitted to become effective except pursuant to further order of the Commission.

It is ordered, That a hearing on said matters under the applicable provisions of the act and the rules of the Commission thereunder be held on December 11, 1945, at 10:00 a. m., e. s. t., at the office of the Commission, 18th and Locust Streets, Philadelphia 3, Pennsylvania, in such room as the hearing room clerk in Room 318 will at that time advise. Any person proposing to be heard or otherwise to participate in these proceedings shall file with the Secretary of the Commission on or before December 7, 1945, a written request relative thereto as pro-

vided by Rule XVII of the rules of practice of the Commission.

It is further ordered, That Robert P. Reeder or any other officer or officers of this Commission designated by it for that purpose, shall preside at the hearing on such matter. The officer so designated to preside at any such hearing is hereby authorized to exercise all powers granted to the Commission under section 18 (c) of the act and to a trial examiner under the Commission's rules of practice.

It is further ordered, That without limiting the scope of the issues otherwise to be considered in this proceeding, particular attention will be directed at the hearing to the following matters and questions:

1. Whether the proposed issue and sale of notes by Central (Mass.) meets the applicable requirements of section 7 of the act.

2. Whether the proposed issue and sale of securities by Central (Texas) comply with the applicable requirements of section 7 of the act.

3. Whether the terms and conditions of the securities proposed to be issued by Central (Mass.) and Central (Texas) are detrimental to the public interest and the interests of investors or consumers.

4. Whether the terms and conditions of the proposed exchange offer are fair and reasonable and appropriate in the public interest and the interests of investors and consumers.

5. Whether the proposed acquisition of the assets of Central (Mass.) by Central (Texas) meets the standards of section 10 of the act.

6. Whether the proposed assumption of the bonds and other liabilities of Central (Mass.) by Central (Texas) meets the applicable provisions of the act and the rules and regulations promulgated thereunder.

7. Whether the fees, commissions or other remunerations to be paid in connection with the proposed transactions are reasonable.

8. Whether the accounting entries to be made in connection with the proposed transactions are proper and in accordance with sound accounting principles.

9. Generally, whether the proposed transactions comply with all of the applicable provisions of the act and the rules and regulations promulgated thereunder.

10. Whether, in the event the applications and declarations shall be granted or permitted to become effective, it is necessary to impose any terms or conditions to ensure compliance with the standards of the act.

It is further ordered, That notice of said hearing is hereby given to the applicants and declarants and to all interested persons; said notice to be given to Central and South West Utilities Company, to Central Power and Light Company (Massachusetts), to Central Power and Light Company (Texas), to the First National Bank of Chicago and Robert L. Grinnell, Trustees, and to the Railroad Commission of Texas, by registered mail and to all other persons by general release of this Commission distributed to the press and mailed to the mailing list

for release issued under the act, and by publication of this notice and order for the FEDERAL REGISTER.

By the Commission.
